Police and Provost Guard Called to Prevent Riot

WRECK SALOON Two Negroes Beaten by Soldiers of the Fifth California

SACRAMENTO, Cal., Sept. 20.—(11) feeling existing between enlisted men in the Fifth California regiment and the negro population resulted in a riot here tonight when 100 soldiersmen charged a score of negroes who had congregated on L street, between Fourth and Fifth streets. Before the police and a special provost guard had succeeded in dispersing the angry soldiers, half a dozen negroes had been badly beaten and a saloon on L street had been wrecked. Major J. C. O'Connell and O'Farrell from the Fifth infantry were called from the camp and directed the movements of the provost guard.

APOLOGIZES FOR SEARCHING SHIP

British Boarded American Steamer Within Philippine Waters

WASHINGTON, Sept. 20.—Great Britain today formally expressed to the United States regret for the action of a British destroyer in holding up and examining the Philippine steamer Cebu within the territorial waters of the Philippines. Because of a heavy fog, it was explained, the destroyer's commander did not know the vessel was so near shore.

LONDON, Sept. 20. (5:52 p. m.) The holding up of the Philippine steamer Cebu is believed here to have resulted from efforts to capture a German reservist connected with a junta in Manila. The reservist was believed to have been aboard the Cebu. He is said to be one of a number of Germans and Indians making their headquarters in Manila for the purpose of sending guns to India and encouraging a revolution there. In official circles here it is stated that Manila is now the chief center of the activities, but that important branches also exist in the United States. The British government, it is said, has made representations to Washington on the subject, but no intimation has been received yet that Washington has taken steps to crush the organization, which, according to statements, is subsidized heavily by Germans.

RETALIATION MAY NOT BE LEGAL

Expert Examination Is Being Given to Act of Congress

WASHINGTON, Sept. 20.—Study of the retaliatory legislation passed by the last house of Congress has been continued by some state department officials that part of the legislation is unenforceable, and the balance is so broad that only the most careful administration will prevent entirely unforeseen consequences. While Secretary Lansing declined today to indicate what conclusions he has reached regarding the legal features of the retaliatory measures, and pointed out that the powers they conferred on the President were for use only in a last resort, it was apparent that some uncertainty had developed over the manner in which provisions for refusing clearance to ships despatching against American goods and for laying retaliatory trade duties on allied countries had been interpreted. The section specifically authorizing import embargoes against belligerents which restrict their imports could not be used at all, he declared, because the right of a belligerent to limit its own imports never had been questioned; while there would be many obstacles to enforcement of a similar section authorizing embargoes against belligerents interfering with the trade between neutrals.

COST OF LIVING TO BE BOOSTED HIGH THIS FALL

Food, Clothing and Luxuries All to Be More Expensive—Women's Shoes to Double

CHICAGO, Sept. 20.—The cost of living this winter will reach an unprecedented scale and will affect every person, no matter what object may be purchased, according to a table of comparative prices compiled here today. Merchants and producers are virtually unanimous in a forecast of further increases in prices which already have advanced alarmingly within the last year. Food prices, it is said, vary according to quality and quantity, but it is the small purchaser at retail who must pay most. Wholesalers say canneries throughout the country have informed them that fall and winter deliveries will be only one-third normal, while the last vegetable crop is said to be only half the quantity expected. Canned fruits will be 30 per cent higher and canned vegetables are expected by wholesalers to increase 20 per cent in price. Paper bags, in which the housewife carries home her market purchases, have increased in cost from 95 cents in wholesale lots to \$1.50. This advance is typical of all paper products. Cotton goods have advanced between 25 and 35 per cent. Woollens have kept pace with cottons. The best lines of women's shoes for fall and winter will cost twice as much as the same article last year, dealers say. Even collars, that two-for-a-quarter staple which men have known for generations, will be a thing of the past. Collars now have been advanced to 15 cents each, and the laundries which have for years laundered collars for 2 1/2 cents, have announced that 3 cents each will be the future cost. Cigar jobbers raised their prices this week to between \$4000 and \$5000 to the dealer.

CLOSE THREE MORE PRIVATE BANKS

Chicago Institutions Held to Be Entirely Solvent

CHICAGO, Sept. 20.—Three additional private banks closed today as a result of the alarm of depositors of such institutions, following several failures and an investigation by the State's Attorney. The banks were operated by W. H. Paisley and his sons, Oliver F., James T., and W. H. Paisley. Deposits of the three North Side institutions aggregate \$290,000 and in the petition for a receiver the proprietors say the banks will pay every dollar indebtedness. The receiver appointed by the Superior Court announced after partial examination that he believed the banks were solvent. Plans instituted by depositors of the three banks led the proprietors to apply for a receiver.

BANDIT ATTACKS ON OTHER CITIES

Is Announced By General Trevino—Munitions From United States

CHIHUAHUA CITY, Sept. 20.—Revolutionary attacks were made upon Guadalupe, Tampico and Vera Cruz on September 18, simultaneously with Villa's Huixtla day attack upon this city, according to reports received here today by General Trevino. (Other than to say that, though well timed, the attacks in all three cities were promptly suppressed, no details were received. General Trevino today announced a refusal to be reorganizing in the Sierra de la Silla, have with them about one hundred and fifty wounded, who have neither medical attention nor medical supplies. Government patrols are operating everywhere within a radius of ten miles of the city and thus far no armed bandits have been encountered. Statements were issued at the commandancia today describing border reports that Villa had made a second attack upon the town yesterday and there had been defections in the garrison. It was said, also, that no arms or ammunition was seized in the Huixtla day engagement and that the government forces captured a quantity of high powered rifles and cartridges, which apparently had been manufactured in the United States for the bandits. MAN KILLED IN WRECK IS BLAMED AS CAUSE Wife of Engineer Sues Estate for Causing Husband's Death DANVILLE, Ill., Sept. 20.—Harper Daniels, a wealthy retired merchant, who was killed when his automobile was struck by a Chicago and Eastern fast train, is blamed for wrecking the train in two suits filed in the Circuit court. Mrs. Charles Eberhart, wife of the engineer who died from injuries received when his engine went into the ditch, has won Daniels' estate for \$5000, and today Wm. J. Jackson, receiver of the railroad, began suit for \$10,000 against the executrix of his will.

MILLION CHINESE DRIVEN FROM HOMES BY FLOOD

Delayed Reports Indicate Much Suffering in Valley of Hwai

CROPS ARE RUINED Area of 7,000 Square Miles Said to Be Under Water

WASHINGTON, Sept. 20.—Nearly a million people have been made homeless by one of the greatest floods on record in that section of China where the American Red Cross already has spent \$600,000 for flood protection and where the \$100,000,000 loan for reclamation work which was postponed by the war was to have been spent. Reports to the state department today from the American consul at Nanking said the Hwai river had inundated an area of about 7,000 square miles in Anhui province. Appeals for aid have been sent out. All the autumn crops were destroyed. The flood occurred in an alluvial section where the north-to-south passage of the grand canal had dammed a large lake and allowed the Hwai river too little space to carry off the excess water. Today's delayed news, however, has been received from the north and officials believe there probably has been little improvement. In the flood of 1909 nearly 1,000,000 lives were lost. Soon afterward C. D. Jamerson, an American engineer, was sent to China to work out a reclamation project. In 1914 Colonel Sherman of the Panama canal headed a Red Cross commission which approved Jamerson's plans and the Chinese government began arrangements for a \$20,000,000 loan to put them into effect. The European war made it impossible, however, to raise the capital.

SAW BOMB HURLED ACROSS STREET

Dr. Moss Appears As Witness for Defense in Billings Trial

SAN FRANCISCO, Sept. 20.—The defense in the trial of Warren K. Billings on trial here on a charge of murder in connection with the explosion of a bomb during a preparedness parade July 22, which cost ten persons their lives, today so nearly concluded the presentation of its evidence that it was expected to close tomorrow. The principal feature of the trial today was the testimony of Dr. J. M. Moss, who testified that he saw the bomb just before it exploded; that it was hurled from across the street and that it fell into a suitcase, as the prosecution has contended it was. Dr. Moss said he was in the line of march, standing at the intersection of Stuart and Market streets, and that he looked up in time to see a cylindrical object in the air. It fell among the crowd and in an instant the explosion took place. Two witnesses testified to seeing a suitcase at the corner where the explosion took place, and they said it was noticed there much earlier than the line set by John McDonald, star witness for the state, who testified earlier in the trial that he saw Billings leave the suitcase at the corner. Thomas J. Mooney and his wife Rebecca, who are also under indictment for murder in connection with the explosion, testified that they were on the roof of a building many blocks away when the bomb went off. An attempt was made to impeach the testimony of McDonald and disprove his reliability as a witness. Frank Summey, a barber, testified that on the afternoon of the preparedness parade about 3 o'clock McDonald came into his barber shop and made the remark "I'm too late about the bomb." On another occasion, he said, McDonald entered the shop and said: "It seemed to me as if in a dream I saw a man put down a suitcase. I looked into the suitcase to see what it was and then walked off down the street and the bomb went off." Summey also testified that McDonald had told him: "When this trial is over and I get my dime, it's over the road for me. I don't have to wait for my money either. I'm getting paid \$3 a day. I don't have to wait any more until the trial is over."

Heavy Slaughter in West

In an effort to retrieve lost territory, the Germans yesterday made violent counter attacks against the French over a three-mile front in the region of the Priez farm and Bouchevannes, north of the Somme. Testimonies three attack after attack along the line from 9 o'clock in the morning until dark and at the end of the day the French were everywhere holding their positions, according to Paris, and the battlefield at points was covered with German dead. Germans penetrated part of Bouchevannes, but the French met them with bayonets and dislodged them. Four assaults at the Priez farm were repulsed by the French. On the British front, inclement weather still holds opposing sides to artillery duels. In Russia and Galicia, both Berlin and Vienna report repulse of heavy Russian attacks in the Lutsk sector of Volhynia and southeast of Lemberg, in Galicia. Local successes for Russians in the Carpathians are conveyed by the Teutonic allies who say, however, that on the whole the Russian attacks in this region were repulsed. Reverse for Rumanians In Transylvania Rumanians apparently have met with a serious reverse in the region of Hatzeg, where they have been driven back to the Transylvanian Alps and the town of Petroseny and the Saurduk pass recaptured from them. In Dobruja the tide of battle is fluctuating. Sofia reports successes for the arms of the Bulgarians at certain points, while Bucharest claims a victory for the Rumanians near Enigma. The western end of the Macedonian front is still the scene of violent combats. The Bulgarians, according to Athens, have justly evacuated Viglitsa at the extreme end of the line and fallen back upon Syvadia for a stand in previously prepared entrenchments which, if captured, will necessitate the evacuation of Monastir, Serbia. Berlin reports that the Germans, who are co-operating with the Bulgarians, have repulsed Entente thrusts near Florina, Greece. Rome admits that the Italians on the southern slopes of Monte Reles have been driven back by the Bulgarians. Artillery fighting predominates on the British and French fronts. Aside from the bombardments and isolated infantry attacks, the situation remains unchanged on the Corno front of the Austro-Italian theater, where the Italians are trying to reach Trieste. Constantinople reports successes of the Ottoman forces over the Russians and British, respectively, in Persia and along the Taurus.

ADVANCE PRICE OF OIL AT WELLS 5 CENTS BARREL

BAKERSFIELD, Cal., Sept. 20.—Standard Oil Company today announced a raise of five cents a barrel for crude oil at the wells in California, the schedule making a record-breaking price for the San Joaquin fields. Prices: from 14 to 18 gravity oil, 68 cents a barrel; 18 to 20 gravity, 69 cents; 20 to 25 gravity, from 71 to 72 cents; over 25 gravity an additional 2 cents for each gravity. Oil of 38 gravity brings \$1.02 a barrel at the wells, affecting a big raise in the Lost Hills, Belridge and Coalinga fields. The raise means an added income of about 3,000,000 yearly to Kern county oil companies. Since last September, the price advanced from as low as 33 cents a barrel, with slow sales, to a demand for the entire output of all grades of crude oil at from 68 cents to \$1.02 a barrel.

WILY SLEUTHS SEE THROUGH DISGUISES OF S. F. GAMBLERS

SAN FRANCISCO, Sept. 20.—Over all within California's lands and groves that was not engrained failed to fool the police here tonight when they raided a pool room conducted in a downtown garage and arrested seven persons on the charge of visiting a gambling place. After the raid it was learned that while some of the alleged gamblers had brought their own overalls and others had acquired the garments of toil by purchase and that the price of overalls had ranged from \$2.50 to \$5. When the police arrived they gave the order: "Off overalls!" The arrests followed in spite of the fact that some of the masquerading sportsmen had donned their hands and faces with grease.

SCHOONER CALLS FOR HELP; OFF NORTHERN COAST

SEATTLE, Wash., Sept. 20.—The United States Coast Guard cutter Spaulding, left Port Angeles tonight to assist the five-masted schooner Luca, reported in distress off the Unalaska coast, south of Cape Smyth. A message from the schooner said the Luca was reported flying distress signals 500 yards off the reef. The cutter's distress signals at 11 o'clock this morning, a word of the vessel has been received. The Luca is a lumber schooner of 1,614 tons gross register, owned by George E. Billings of San Francisco. She was bound from Melbourne to British Columbia to load lumber for Australia.

SEEK TO AVERT WHEAT SHIPPING AND HIGH PRICES

NEW YORK, Sept. 20.—President Wilson will be asked to call a special session of Congress to declare an embargo upon the exportation of wheat and federal and state investigations will be demanded by resolutions adopted by 200 bakers of Brooklyn yesterday. It was asserted that flour would be sold at \$14 a barrel and bread at 20 cents a loaf next spring unless an embargo is imposed.

HARVARD, SAFE PLACE TO SEND CHILDREN NOW

CAMBRIDGE, Mass., Sept. 20.—Harvard University authorities took steps today to prevent the possible introduction of infantile paralysis when the position of the September 22 Students who have been exposed to the disease will be barred from classes.

CALDER LEADS IN RACE WITH BACON

Whitman Far Outstrips Seabury for Progressive Nomination

NEW YORK, Sept. 20.—With only 384 election districts remaining to be heard from at 11 o'clock tonight, the vote in the Republican primary for governor gave Charles S. Whitman 213,789 as against 32,584 for William M. Bennett. In the Progressive primary, with returns from 100 districts missing, Whitman's vote was 16,233 as against 6,899 for Samuel Seabury. In the Republican contest for the nomination for the United States Senate, William M. Calder received 111,347 votes against 134,817 for Robert Bacon, with only 523 districts missing. William M. McDonald received a total of 11,771 votes as against 4,136 for Thomas E. Conway with returns from 102 districts missing in the Democratic primary for the nomination for the United States Senate.

HOW IS WILSON ON PROHIBITION IS MADE ISSUE

Hanly and Landrith at Various Points in Center of State

HEAD THIS WAY PEACE FAR OFF

Hanly Continues to Attack Hughes on Liquor Question

SAN FRANCISCO, Sept. 20.—Whether President Wilson is opposed to Prohibition, became an issue in California's heated wet and dry fight today with the return to the state of the coast-to-coast Prohibition campaign. Assertion made in a wet pamphlet, freely distributed at the Prohibition meetings along the San Joaquin valley today that the President is among those who favor prohibition, among other widely known Americans, including former President Taft and Theodore Roosevelt, who are known to be opposed to prohibition, was questioned by Dr. Ira Landrith, the Prohibition vice presidential candidate. Later tonight, Oliver W. Stearns, national campaign manager for the Prohibitionists, telephoned to the President asking if the wet here were misrepresenting his attitude on the subject. "President Wilson has declared his willingness to see prohibition come by legislation," Landrith said in an address at Oakland tonight, "and he is on record as actually favoring prohibition in a leading southern state. He will not deny that he is a dry." The President's attitude on the subject of California, that, alone with Clarence Darrow, Hugo Munsterberg, William Howard Taft and Henry Waterson, who are named in the pamphlet, he is on the liquor dealers' side in these and dry state fights. "The President's attitude on the subject of the lightness of the American states with by confirming the accusation that he is opposed to prohibition in any state. Let him make such a declaration and his defeat is as sure as his friends now believe his election is certain. His official charge that he is an anti-prohibitionist must now be disclaimed or his silence will be interpreted as assent."

The state-wide prohibition fight here overshadowed the national issue in all of the meetings today, largely due to the fact that the state of California has the heart of California's largest grape producing sections. Thousands of acres of vineyards, marked with huge signs reading "Prohibition would destroy this vineyard," hundreds of carloads of wine grapes and numerous wineries were paraded during the day. Save for one or two exceptions, the crowds were large and greeted the determined attacks of the speakers on the wine producers, who, they maintained, are really the power behind the wet fight rather than the vineyardists. Frank Hanly, the presidential candidate, continued his attack on Charles E. Hughes for his silence on the liquor question. Meetings were held here and in Oakland tonight. During the day, Earl Lord, Stockton, Tracy, Livermore, Colusa and Palo Alto were visited. At Livermore several spectators seated themselves on a truckload of beer and listened to the addresses. Landrith advised the driver to look for a new position. The campaigners will work their way down the state tomorrow.

FAVOR TEMPORAL POWER OF POPE

German Catholics Working for It As War Measure Against Italy

LONDON, Sept. 20.—(4:15 p. m.)—A movement in favor of the re-establishment of the temporal power of the Pope is reported by the Associated Press from Rome. The movement, it is said, has been inaugurated by Roman Catholic newspapers of Germany with the idea of drawing the Vatican wholly away from Italian influence. The "Catholic" Volksrecht, a prominent Berlin newspaper, is quoted as saying Germany gives a free hand to German Catholics, and as denouncing the lax of papal guarantees adopted by the Italian government in 1870 at the time of the ending of the temporal sovereignty of the Pope. All Austrian and German Catholic newspapers are following this lead, the dispatch says. It adds that the movement is believed to have been inaugurated by Cardinal Hartmann, archbishop of Cologne, with the idea of gaining representation for the Vatican at the peace conference after the war.

FRENCH PRUNE CROP ALMOST A FAILURE

SAN FRANCISCO, Sept. 20.—The prune crop of France is almost a complete failure, according to cable advice received here today from a local firm that handles prune fruits. The French prune crop is normally from 25,000 to 30,000 tons. This year it is placed at only eleven hundred tons.

HAD THREATENED PRESIDENT WILSON

PITTSBURGH, Sept. 20.—Accused of sending threatening letters to President Wilson, Morris Diamond, of Bay City, Michigan, was being held by the police today to await examination by a physician as to his sanity. Diamond, who was known as James C. Wilson, was arrested by federal agents, who decided after questioning him that he was of unsound mind. His first letter was sent to the President last November and it was followed by a series of others.

TAKE DYNAMITER PLANNING TO BLOW UP CARS

Boy Is Dying From Brick Thrown By Strike Sympathizers

Transit Magnates Refuse to Treat With Employees

NEW YORK, Sept. 20.—Rioting was renewed tonight in connection with the car strike, after efforts of Mayor Mitchell and others had failed to effect a settlement. Several hundred strikers, who attacked four surface cars, engaged in a running fight with police reserves, during which several persons, including a woman, was hurt. Many arrests were made. What the police characterized as a conspiracy to dynamite in the strike was frustrated by the arrest of a man who asserted he was a striking motorman. The prisoner, it was said, had attempted to purchase explosives from a laborer in a new subway excavation.

The latter reported the case to the authorities, who set a trap for the strike. When arrested at the laborer's home tonight, after two dummy packages made up in the form of dynamite had been passed to him, the prisoner is alleged to have declared he wanted the explosives to "blow up" a "couple of Broadway cars."

When Police Commissioner Woods was told today that 4-year-old Louis Rodelli was dying, a victim of a brick hurled, he reinforced his efforts at clearing out-top contingents to the transit lines and went into conference with District Attorney Swann to provide for the speedy punishment of such offenders. Conference Today Hope of averting the threatened strike of 100,000 ship workers here by sympathy with the carmen was diminished. Mayor Mitchell announced that a personal appeal to transit company heads to treat with the strikers was refused flatly. Preparations were continued by union leaders for the walk-out which would paralyze industry throughout the greater city. The only chance now of averting the strike is a personal appeal to the conference to be held tomorrow between a citizens' committee and the strike leaders. Samuel Compers, president of the American Federation of Labor, and twenty-five presidents of international unions who arrived today held a conference. No definite action was taken. Approximately 10,000 women, wives of strikers and members of trades unions, it was announced, will act as pickets beginning tomorrow. They will be equipped with signs in efforts to induce the motormen and guards to join the union.

URGES RUTHLESS WAR ON BRITISH

German Leader Says Submarine Campaign Only Postponed

BERLIN, Sept. 20.—Major Ernest Bassermann, leader of the national Liberty party, in a keynote speech delivered on Monday before his constituents in the Saarbrücken district, declared that the submarine campaign had been postponed and not abandoned. Major Bassermann advocated a "decisive war" as his party's program, which he said was the most ruthless methods of warfare. The national Liberal leader asserted that his views were shared by Admiral von Tirpitz, Admiral von Koester, Prince von Buelow, and Count Zeppelin. He maintained that in a struggle, wherein the existence of Germany is at stake, the most ruthless of all possible weapons is called for. This sentiment was heartily applauded by his audience. Submarines and Zeppelins, continued Major Bassermann, were the most effective weapons against four arch-enemies, England, the United States, the United States, Major Bassermann warned his hearers against trusting for any permanent effect upon American sympathies from England's blackist policy and the achievements of the Deutschland and other commercial submarines. He warned them also not to hope that the present American protests in England would have any greater effect than their predecessors. No prospects of peace were held out by the speaker. He told his hearers that it would be a delusion to believe that there was any immediate prospect of any end to the war. On the contrary, he said, Germany was in a more difficult war than had at first appeared possible, but nevertheless he saw no reason to doubt ultimate victory.

FEDERAL BUSINESS--POLITICS

WILSON EXPECTS TO ANSWER HUGHES AS TO STRIKE

Says He Is Pleased With Result of Primary in New York

Alleges That Republicans Are Using Sectional Prejudice

LONG BRANCH, N. J., Sept. 20.—Victory for the Democratic ticket in New York state in the November elections was predicted by President Wilson tonight following the receipt of returns from the primaries yesterday. The President indicated his belief that Progressive voters in New York will support the Democrats.

Wilson sent telegrams of congratulation to William F. McCombs, the Democratic nominee for the United States Senate, and to Judge Samuel Seabury, the nominee for governor. The message to McCombs follows:

"I congratulate you most warmly on your nomination by the Democrats of New York for the United States Senate. A united body of Progressive voters will be behind you."

The President spent virtually the entire day preparing for his campaign and attending to official business. After a conference between the President and Vance McCormick, chairman of the Democratic national committee, executive office attaches began connecting with various non-partisan organizations which have invited Mr. Wilson to speak before them.

Wilson plans two trips next week—one to Baltimore Monday to deliver an address, and another to Princeton, Tuesday, to take in the New Jersey Democratic primaries.

It was indicated tonight that continued reference by Charles E. Hughes, the Republican nominee, to the settlement of the railroad strike is the

Southern Beauty Campaigns in Utah for Women's Party

MISS EMILY K. PERRY, a native of South Carolina and one of the most attractive organization workers of the Congressional Union, is campaigning for the Women's Party in Utah. She is one of the pioneer organizers of the Congressional Union working from the Washington headquarters and has had considerable experience in political work in Rhode Island, Pennsylvania, Maryland, Virginia and North Carolina.

ment of the President of the recently "irreconcilable" railroad strike has led Wilson to determine to devote much of his attention to this subject. He is expected to outline his position on this subject Saturday when he speaks to more than 500 business men who are expected to make a pilgrimage to Shawnee Lawn. Officials said he plans to deliver his address on the subject on the eighth day, and to point to his program of legislation recommended to Congress as the best possible method of averting railroad strikes in the future.

President Wilson also plans to attack the Republicans for bringing sectionalism into the campaign. It was said by officials. This attack will be based on the reference of Republican chairmen in Congress held by Southern senators and representatives.

HUGHES DISCUSSES SEA ACTION AT MILWAUKEE

Must Defend Lives, Property and Commerce of Americans

Condemns Democratic Shipping and Tariff Bills

MILWAUKEE, Wis., Sept. 20.—Charles Evans Hughes in his speech here tonight again outlined his attitude toward the protection of American rights as follows:

"I propose that we shall protect and enforce American rights on land and sea without fear and unflinchingly with respect to American lives, American property and American commerce. We have no mistaken policies, no secret understandings, no intrigues. We stand four-square to the world, representing the United States and its interests and its interests alone, first, last and always."

Hughes referred to American rights was contained in a speech in which he made reply, one by one, to what he termed Democratic claims for having aided business and outlined the Republican program. In so doing, he dealt chiefly with subjects discussed in President Wilson's speech of acceptance.

The shipping bill was characterized as "a menace," the sooner removed the better. The Underwood tariff he called a "measure that must be undone if we are to have a sure basis of prosperity in this country." He reiterated that the anti-trust law instead of being clarified by definition had been made "more uncertain."

"I maintain," he declared, referring to the Democratic party, "after having read several of their statutes, that they are the most wonderful phrasemakers on record."

Federal Reserve Act
The federal reserve act, the nominee said, far from being a Democratic measure, more and more was taken in great part from material supplied by a Republican commission and a draft of a Republican bill.

"Whatever salvation from panic we have had thus far is due to the enlightened foresight of the Republicans," Mr. Hughes said, in connection with the extension of the Aldrich act during the threatened financial depression in the early days of the European war.

The child labor law, Mr. Hughes said, failed to protect hundreds of thousands of children at work in various states under Democratic administration.

"Call the roll of states," he said, "and you will find that the states where children are emancipated from too early labor are Republican states and that the states where child labor still exists are under Democratic control."

The federal workmen's compensation law, the nominee reiterated, should be made to protect others than federal employees under its scope. It should extend to all persons engaged in pursuits of interstate commerce.

Government of Reason
In outlining Republican policies, Mr. Hughes said he stood for protection of American rights, a protective tariff for the principle of arbitration of industrial disputes, the protection of labor, national resources and "the national treasury" for efficiency in government and for "a government according to the process of reasoning."

In his reference to the shipping bill and the Underwood tariff, Mr. Hughes said:

"There are two acts which are slated to be aids in business which on the other hands were direct blows to American business. I will mention the last of these first, the shipping bill, a bill which is a menace to American industry."

"It unjustifiably introduces the government in the ship-building business. It at this time may be practicable in operation because the extraordinary conditions which preclude the purchase of ships at normal prices or the building of ships in yards already overworked. But it remains a menace to the shipping industry and the sooner that 'aid to business' is removed as a menace of that great industry of this country, the better it will be for the shipping interests."

"Then there is that other 'aid to business' which has been so serious a blow to business. I mean the tariff formulated in 1913 which removed the proper protection needed for the development of American industry."

I have said that abuses had to a large degree been corrected. Governor Phillips (the chairman) was good enough to refer to some efforts that it came to my lot to put forth in that direction.

"I put the flag up in New York that the public interest was supreme. I have never taken that flag down."

War, Not Party
Hughes reviewed the industrial depression.

"What saved the situation?" he asked. "The Democratic party? No. The Democratic party had ruined the situation. What saved the situation was the European war. If it had not been for the extraordinary demand created by that struggle, we would not have had to talk about this campaign, for I believe the American people would have been rising from one end of the land to the other to secure an administration which would properly conserve American interests."

"No, the same party did not aid business, they have not aided business. What they have done has been to build on a Republican foundation and the best part of their workmanship is taken from Republican materials. What they have done according to their own ideas and principles, has been derogatory to the interests of the United States and must be undone if we are to have prosperity in the country."

"I would not be interested in talking about American prosperity if I thought I was not speaking for the great good of the masses for whom there is nothing but impoverishment and disaster unless we build up the prosperity of the United States."

WOMEN'S PARTY MAKING STRONG FIGHT IN NEVADA

RENO, Nev., Sept. 20.—Miss Amy Martin, national chairman of the women's party, arrived here today to remain after the election in November.

Miss Martin declared that the women's party is determined to carry Nevada against President Wilson and Senator Pittman and that no pains will be spared to accomplish this result.

Organizers of the women's party are now engaged in carrying to every woman voter in the state an appeal to vote against the Democrats.

Speakers are to go by automobile. It is announced, to every mining camp, no matter how small, and visit every valley in Nevada.

Miss Martin is a native daughter of Nevada and in 1914 led the suffrage campaign that won votes for women in this state.

Miss Mabel Vernon, national secretary of the Women's party, will also take part in the Nevada campaign.

Fighting New Rates
SIOUX FALLS, S. D., Sept. 20.—A petition was filed today in the office of the clerk of the United States district court here by attorneys for the Wells Fargo and American Express companies, seeking to enjoin the South Dakota attorney general and the state railway commission from proceeding in the hearing in the new action commenced by the attorney general in the state supreme court, which issued an order to show cause why an injunction should not be granted against the putting into effect of new express rates between points in South Dakota as ordered by the Interstate Commerce Commission.

To Return Militia
WASHINGTON, Sept. 20.—General Funston notified the war department today that the first Vermont and Second New York Infantry regiments would be returned to their home states as soon as the Tennessee units now enroute to the border relieve them.

The dispatch also reported General Funston's decision to send home three Pennsylvania regiments upon the arrival of the North Carolina contingent.

Intentions Good
LONG BRANCH, N. J., Sept. 20.—President Wilson and Vance C. McCormick, Democratic national chairman, mapped out here today a program for meeting the campaign attacks of Charles E. Hughes on the railroad eight hour law. Asserting that the Democrats would show that the President had placed before Congress a complete program to meet the recently threatened strike by railway employees, McCormick asserted that Wilson is prepared to urge strongly during the next session of Congress the enactment of this program.

"The Republican is declared, seem to ignore everything in the program except the 'one item' passed by Congress," McCormick added that it would be shown clearly how the President plans to minimize the possibility of a repetition of the railroad situation which arose recently."

Two Americans Saved
WASHINGTON, Sept. 20.—Consul General Skinner at London called the state department today that two American men, William Westcott, Harrison, N. J., and Bernard Sweeney of Bayonne, N. J., were saved from the British steamer Strathgairn, torpedoed by a submarine September 6 in the English channel.

The Strathgairn was attacked without warning was not noted. The Strathgairn sailed August 22 from New York for Havre.

BODY OF WOMAN IS EXHUMED; MURDER IS CHARGED

Coalinga Man Alleged to Have Caused Death of Mrs. S. F. Sweeny
To Call Special Session of Grand Jury in San Luis Obispo

Incidents in connection with the death of Mrs. Sattie Florence Sweeny in San Luis Obispo, a week ago, and in the issuance of a burial permit, yesterday caused the authorities of San Luis Obispo county to order the body exhumed. Sinned against by Victor Hansen, a Coalinga pugilist, was arrested and jailed in San Luis Obispo on a charge of murder.

An autopsy, conducted at the direction of District Attorney Charles A. Palmer and Sheriff C. A. Taylor of San Luis Obispo county at Stephens and Dean's undertaking rooms yesterday determined that the woman had sustained a blow shortly before death that produced a fracture of the nose, and that there was a small blood clot at the base of the brain.

Upon this showing, and the statement of witnesses to the effect that while at a dance at Pieta Beach three weeks ago last Saturday, Hansen had struck the woman a heavy blow, the prosecuting attorney is proceeding on the hypothesis that the blow may have been directly responsible for the death of the woman.

While the investigation is being pursued through the towns of Lompoc, Hanford and Coalinga, Monroe J. Sweeny, is in the San Luis Obispo county jail, from appendicitis. His complete sanction of the course taken by the San Luis Obispo county officials has been given and he has urged a most thorough investigation of the charges and rumors in connection with the death of his wife.

Question Witnesses

District Attorney Palmer and Sheriff Taylor examined the friends of the dead woman in Lompoc yesterday. In their statements all said that the blow struck by Hansen was a heavy one and that Mrs. Sweeny had been pushed from the nose at the time. Later, the complainant of pain in the back of her head, in the last days of her life.

The cause for the assault on Hansen is said to have been brought about through his jealousy when Mrs. Sweeny danced with a man by the name of Lewis. Earlier in that evening, the witness claimed, Hansen had given her a diamond ring to wear. The quarrel between them was occasioned, it was said, by his demand that she return it. When he struck her, she fell backward on a chair and then surged forward toward the floor. She was caught by friends.

It was upon her request that no mention was made of the matter to her husband, who was "not at the dance. She complained of pains in the back of her head for several days, but apparently recovered. She was attending in her last illness at Mrs. W. M. Sowers, J. A. Gallup and J. A. Guilford. The two first-named physicians performed the second autopsy yesterday. All three had charge of an autopsy following death and determined upon "removal of the coronary artery as the cause of death." This, it was later learned, was a secondary and not a primary cause of death, and the second autopsy was necessary. According to District Attorney Palmer, a coroner's inquest should have been held.

To Call Grand Jury
"As the matter now stands, my only recourse is to take the matter before a special grand jury," Palmer stated last night. "The physicians inform me that there is nothing particularly significant in the blood clot, which may have been caused by the posture of the corpse in the casket."

Witnesses interviewed by District Attorney Palmer and Sheriff Taylor yesterday afternoon were Mrs. Leahy, brother, Mrs. Ida Avery, Mrs. Sadie Tuck and Mrs. G. Dockert.

Although it is said that the issuing of a burial permit by Dr. Guilford was illegal because the primary cause of death was not shown, it was stated

PREPARE DEFENSE IN COALINGA OIL CASES

Case Will Be Resumed October 3; Local Men Defendants
Lands Valued at \$250,000,000, Government to Close Case

The fight of the government to regain title to the Coalinga oil lands, originally granted to the Southern Pacific Company, and which have been in the courts for several years, will probably reach a conclusion before the end of the year. The suit, which is the largest ever filed in the United States, involves the title to lands valued by the government at \$250,000,000. Many local men through leases and deeds from the Southern Pacific company are codefendants in the action.

The case was to have been resumed in San Francisco next Monday before Judge H. F. Hedison. Word was received by Attorney H. E. Harbour yesterday that the hearing of evidence would probably not begin before October 3, and that the court may convene in Los Angeles.

The suits by the government in the Coalinga oil land cases differ from the other oil suits now in the federal courts, in that they are based upon the charge that the lands were fraudulently included in the patents issued to the railroad company. All other suits are based upon the presidential withdrawal orders of 1899 and 1910.

The government contends that the patent which granted to railroad company every alternate section of land within 10 miles of the railroad, except mineral lands, and that the railroad company, knowing that the oil lands now involved in the suits, were mineral, included them in the grant.

The railroad and the land owners claim that at the time the patent was granted, the railroad company did not know that the lands had any mineral value. The fact that much of the best oil land was sold off at 15 cents an acre will be introduced in the defense to show that the railroad company did not know that the lands had a mineral value.

Among the local concerns and individuals interested in the suit are Coalinga, Pacific Oil & Gas Company, estate of G. E. Shore, Pleasant Valley Farming Company, A. V. Lisenby, H. T. Maxfield, H. H. Welsh, estate of H. H. Brix, and the Big Hill Oil Company. The Coalinga, Pacific Oil & Gas Company, the Welsh, Maxfield, Brix and Lisenby tracts are all producing properties.

Local attorneys who are interested in the suits are Barbour & Cushing, Davis & Ewing, George Warlow and George Cosgrave.

The government will complete their case within four days after the hearing is resumed, at which time the defense will begin to introduce their evidence.

WOMAN ATTEMPTS TO END HER LIFE

A family quarrel between Mrs. Hannah Daken and her husband, Frank Daken, 212 L street, terminated yesterday morning in an attempt on the part of the woman to end her life by swallowing lysol.

According to the police Mrs. Daken after upbraiding her husband for real or fancied faults, seized a four-ounce bottle of lysol and started to drink it. The husband snatched it away, but on second thought gave the bottle back to her, thinking she was bluffing. The woman swallowed practically the entire four ounces. She was treated by Dr. H. M. Jones and ordered to the county hospital, where her condition was said to be favorable to a recovery.

Yesterday that no charge would be brought against the physician.

Mrs. Sweeny was 52 years of age. Her husband is a saloon owner in the Devil's Den country near Coalinga.

FRESNO DEMOCRATS OPEN HEADQUARTERS

Prominent Party Speakers Will Be Brought Here During Campaign

With the view of carrying on an active campaign for President Wilson and the Democratic candidates for the various state and national offices, the Fresno County Democratic Central committee will open offices in the Garibaldi building today. W. L. Orsburn, secretary to Congressman Denver S. Church returned home from Washington yesterday and will be in charge of the offices.

During the next few weeks the local committee plans to arrange to bring a number of speakers of national reputation to Fresno and the San Joaquin valley. The Fresno office will be in touch with all of the Democratic candidates and will be active in the campaign, which closes on November 7.

ENTERTAIN HOPE NOW FOR MRS. J. R. AUSTIN

Physicians Note Change for Better and Look for Recovery

A favorable change in the condition of Mrs. J. R. Austin, of 1436 Van Ness avenue, who is at the Burnett sanitarium, where she was operated upon for acute appendicitis Tuesday, was noted yesterday by attending physicians. If the improvement continues for another twenty-four hours it is believed the patient will be out of danger.

Mrs. Austin was taken ill last week while returning from a visit to the home of Mr. and Mrs. W. F. Weaver of San Mateo. Her condition became so serious on the train that she was removed at Modesto and taken to a sanitarium. Later she was brought to this city and an operation performed in a final effort to save her life. It is believed now that the operation will prove successful.

FIND 35 TYPHOID "CARRIERS."

There are 35 chronic typhoid "carriers" in New York city, the health department announces, and the list is constantly growing.

These "carriers" spread the disease wherever they are employed, without themselves being subject to its ravages. The Board of Health has placed them on the list of "danger spots."

The present methods have grown out of the lessons learned through tracing the career of Typhoid Mary, who attained national notoriety a few years ago when several epidemics of typhoid were directly traced back to the positions in which she had been employed as a cook. She was a good cook and never was long without work, but after the experts found out that the dread typhoid followed all of her engagements they decided she must be restrained for the safety of the city.

She finally was allowed at large under the terms of a parole, under which she promised never again to accept a position where she might handle food intended for human consumption. A rediscovery of "Typhoid Mary" came about under tragic circumstances, she had broken her parole and accepted a position as cook in the Sloane Maternity Hospital, and within the accepted period of incubation of that disease there appeared twenty-four cases of typhoid among the physicians, nurses and patients in that institution.

"Typhoid Mary" was taken in charge she is now, after two attempts in court again by the department of health, and to oblige her release, a patient in a hospital on North Brother Island, who she is likely to pass the remainder of her days.—From the New York Herald.

REAL OWNERS OF RAILROADS.

The railroad brotherhood leaders made a tactical mistake in challenging the statement that the ownership of the railroads is in the hands of a few millionaires, because the truth of the statement thus denied admits of an easy and convincing demonstration. It can be established by reference to the blue books of the companies concerned.

Take the case, for instance, of the Pennsylvania Railroad, which was one of the corporations mentioned in the brotherhood disclaimer. It has been officially stated that at the close of the year 1915 the Pennsylvania Railroad was owned by 92,765 persons, about one-half of whom were women, whose average holdings were only 108 shares. There are 26,706 persons who own stock in the New York, New Haven and Hartford line, of whom 11,193 are men and 15,563 are women, and the shareholders of the Southern Railway are said to number 42,111. These are typical instances, and it is a reasonable assumption that they are fairly representative.—From the Philadelphia Inquirer.

DOING HIS BEST.

The boy has just handed his father a sizable haberdashery bill with the request that he pay it.

"You are an extravagant idiot!" roared the irate parent. "Does it ever occur to you to provide for a rainy day?"

"Why, yes, dad," said the youngster. "If you'll read over that bill you'll find that one of the items is for a \$25 raincoat, and \$15 of it is for umbrellas."

TULARE ST. BETWEEN I. AND J.
We Sell For Less Because We Sell For Cash

Mrs. J. E. Jones and Mrs. Eugene Jones leave the first of next week for a ten days' outing in San Francisco. Mrs. Eugene Jones will then go to San Jose for a week's visit with Mrs. Leo Bethel Archer and then to Sacramento for a fortnight.

Mr. and Mrs. Alec Robb and Mrs. Walter Hobb, who has been their house guest, motored yesterday to Monterey and San Francisco for a two weeks' stay.

Mrs. H. P. Wilkinson, who has been the guest of Mrs. Andrew Mattel at her suburban home, has returned to her home in Pomona.

A number of Fresnoans will be interested to hear of the formal opening of the new Theta Delta Chi fraternity house in Berkeley. Several of the active members are Fresno boys, among them being Kenner Hammond, George Hodgkin and Phillip Hodgkin. Miss Marion Hammond will have the latter part of the week to be present at the festivities.

Dr. and Mrs. A. H. Cowan have returned from a week-end spent with their daughter, Miss Barbara Cowan, in Berkeley. Miss Cowan's friends will be interested to hear that she is a candidate for the Daily Californian.

Mrs. Andrew Mattel, Jr., and children are spending a day or two as the guests of Dr. and Mrs. Morton of Tuluza.

Mrs. Wallace McAfee has been called to San Luis Obispo by the serious illness of her mother.

Mrs. C. H. Staples entertained with

an informal afternoon of sewing yesterday, for Mrs. Parker Friselle and her guest, Mrs. Robert Foster. Yellow, maroon and navy blue were used for decorations which bloomed beautifully with the soft brown tones of the living room. Refreshments were served at the close of the afternoon. About fourteen of Mrs. Staples' friends enjoyed the afternoon's pleasure.

Mrs. P. H. Shaver and Mrs. Mitchell of San Diego, who has been the house guest of Mrs. Harvey W. Swift, left last night for San Francisco. After a short sojourn around the bay Mrs. Mitchell will go on to Seattle.

Mr. and Mrs. L. G. Richman, of Gilroy, are enjoying a visit with the latter's sister, Mrs. Melville N. Adams. Mrs. Richman, who is a recent bride, was formerly Miss Cecil May, sister of Fresno Mr. and Mrs. Richman will motor back to Gilroy after a short visit in Fresno.

Mrs. Charles Tarrance and daughter, Miss Nell Hedrick, are visiting relatives and friends in Fresno. They will remain during the week as the guests of Mrs. D. D. Sedinger, 2524 Madison avenue.

Mrs. J. D. Davidson will arrive in Fresno from her home in Memphis, Tennessee, about the middle of October, with plans for a winter sojourn with her Fresno friends.

Mrs. Lloyd Moultrie will be the guest of Mrs. Frank H. Short during the month of October.

Lloyd Austin arrived Tuesday night from San Francisco whence he was

VAST IRRIGATION SCHEME PROPOSED

Maderans Ask Miller & Lux Aid in 400,000 Acre Reclamation Plan

That representatives of Miller & Lux are conferring today in San Francisco with a committee of farmers of the Madera county plains over the project to irrigate more than 400,000 acres of land by a vast system of storage dams, supplied by the San Joaquin river, was announced yesterday by City Attorney Francis A. Fee of Madera. On the committee are E. M. McArthur, J. G. Roberts and John M. Griffin, leading business men of Madera. For the company, Edward F. Treadwell, chief engineer of the project, and required to be one of the foremost irrigation experts of the coast, is appearing.

For a considerable period, Maderans have been planning to open to settlers a large area lying west of the foothills to the San Joaquin river. The district is without water, but once irrigated, it is said, it will become a fertile country. Dams will be constructed at Friant and Lewis creek to hold the floodwaters and a big canal would run northwest to Cottonwood creek and near Madera. To accomplish all this, many millions of dollars will be needed and it is hoped to interest Miller & Lux in the financing of the project.

called by his mother's serious illness. Reports of Mrs. Austin's condition are more favorable.

Mrs. C. H. Roberts is spending a fortnight in Los Angeles.

Mrs. D. E. Griffin is at home after a month's visit in the bay regions.

Word comes from Mrs. J. E. Edwards and Miss Marcia Edwards of a delightful visit with Mrs. Ralph Watson (Jenny Watson) in Salt Lake City. The beautiful drives through the surrounding country and concerts at the Tabernacle, occupying the time in a most interesting manner.

Mrs. J. M. Bray and Miss Elizabeth Bray, who have been in Fresno with relatives and friends, have left for a few weeks' outing in Los Angeles and from there will go to Castle Hot Springs, Arizona, where they will remain for the winter season.

Lillian Russell's Beauty Talks

If you want advice on beauty topics, write to Lillian Russell, care of the American Voice, 1000 Broadway, New York City. It is a personal answer to your question, and all answers are sent with the least delay.

THE AMERICAN VOICE.

(Copyright, 1916, by Lillian Russell.) Dr. Charles Russell, Grayson of Philadelphia, approved American doctors at the annual meeting of a convention of throat specialists because they had done nothing whatever to correct the American voice, in which he asserted "the amount or depth of intonation can so completely control our ears that they will find anything musical."

Dr. Grayson did not suggest surgical treatment, but merely that the education of children in proper articulation is compulsory. He blamed indifference and lack of proper training for the habit of stammering and clipping and muddling our syllables and urged that no teachers be appointed who have not clear voices and do not enunciate distinctly.

It is an appalling fact that the American voice is the most conspicuous in any country. It even stands out over and above the natural tones of the Europeans. In France, where euphonious tones of the native language are soft and soothing, one American voice stands out shrill and grating. You have but to wait for a few moments in the Rue de la Paix until you hear the American voice rearing upon the harmony of the scene, to your chagrin and shame.

In England, where the low, refined voice is cultivated from the cradle and is an evidence of refinement, the American voice of the average foreign traveler strikes upon the ear like a metallic clank, driving its tones through the head in a most unpleasant manner.

The unpleasantness of the tones of the American voice is accentuated by being heard in foreign lands. But it is not less unpleasant right here at home. Years of cultivation should tone down and soften the voice and in many cases, naturally, it does and has. The majority of Americans neither love their voices to a pleasant quality nor take the trouble to pronounce the words correctly.

That condition is the fault of parents and teachers.

The first teaching should be at home. From the cradle children should be taught to speak what few words they say in a low tone and with proper enunciation. Too many mothers allow their children to shout at them. They find it too much trouble to answer their little questions until they are obliged to yell to get an answer, and then that answer is yelled at them in an impatient and disagreeable manner. In many families the one who yells the loudest is the most popular.

From that family take the children to

a school where the teacher has never learned where to pronounce our language properly. The result is most unpleasant. British West Indies, can set us an example in pure English speaking. On my trip to that interesting country I was astonished to hear perfect English, perfectly pronounced, come from the lips of the ordinary colored people we met on our motor trip across the island from Port Antonio to Kingston. Never in any single case did I hear a badly pronounced word nor a nasal tone of voice. This is the result of carefully selected teachers sent out to them from England. If a small country of blacks can be taught to speak English so well, we can do nothing without speaking. Let us speak clearly, pleasantly and correctly. It will go far to save the nerves as well as the ears of the American people.

PAYS MONEY TO CITY TREASURY

RANCHERS' SEARCH FOR ARSONISTS FUTILE

Identity of Crane Valley Firebugs Remains a Mystery

Search for clues to the firebugs who started three of the five fires that raged in the brush and timber land near Crane Valley from Friday until Monday last has proved futile so far, according to a report made yesterday by agents of the San Joaquin Light and Power Company and M. A. Benedict, supervisor of the Sierra National Forest. While there is practically no doubt in the minds of the investigators that fire bugs are responsible for much of the damage wrought, the miscreants have covered their tracks so well, it is said, that there is little chance of an arrest taking place.

No report of the full amount of damage done by the fires to the power lines, stations, and flumes of the company has been received at local headquarters.

ADVISORY BOARD TO MEET TODAY

This advisory committee of the Fresno County Highway Commission will meet this afternoon at 4 o'clock to discuss ways and means in connection with the campaign that will be made in favor of the \$3,600,000 bond issue. Funds for the campaign will likely be raised through the formation of a good roads club and the sale of buttons. Besides a stumping tour of the county an advertising campaign September 12 amounted to \$107,231.33.

"The Cream of All Ice Creams"

"Eat less of the heavy, slowly digestible dishes at the beginning of the meal. Instead, eat a heaping dish of ice cream as a dessert."

When You Pass a Soda Fountain On Your Way Home—

Step in and Ask the Man for a Pail of Benham's Ice Cream. Tell Him You Are Going to Surprise the Folks at Home

THERE is nothing that you could bring home as a surprise package that would please more than a pail of BENHAM'S ICE CREAM.

From the kiddies up to the old folks there is always keen delight manifested when some one says "Let's have some ice cream and let's have Benham's."

Every soda fountain carries convenient, sanitary paper pails that hold a pint or quart of ice cream and these make it possible for you to take ice cream with you as easily as a box of candy.

These pails don't leak and the Benham's Ice Cream is frozen so solidly that it won't soften for a long time.

Get in the habit of doing this stunt regularly.

Ice Cream is good for you and yours.

Among the Clubs of the S.J.V. District

The Collegiate Alumnae association held its board of directors' meeting Tuesday afternoon. After the regular business matters were discussed, a luncheon was planned to take place the first Saturday in October. The place where it will be held will be announced later.

The Columbia Social club will hold the first meeting of the season this afternoon promptly at 2 o'clock at the Parish hall. Bridge, whist and pato will occupy the afternoon.

The Harmonic Sewing club was entertained by Mrs. Al Sunderland yesterday afternoon at her home on Muldrow avenue. Mrs. Carl Magnuson, Mrs. Sunderland's daughter, was the guest of honor, as she is leaving soon to make her home in Richmond, Alaska and readings by Mrs. C. L. Shroff made the afternoon most enjoyable. The officers of the club for this season are: Mrs. Magnuson, president; Mrs. Spens, vice president; Mrs. Case, secretary; Mrs. Gambo, treasurer; Mrs. Brooks, recorder. A number of additional guests were invited.

Mrs. E. E. Baughman hosted the Talmi Embroidery club yesterday afternoon. A La France roses and various colored autumn leaves decorated the living and dining rooms. After the

regular business meeting, the hours were taken up with sewing and refreshments were served buffet fashion. The club members are Mrs. I. T. Danks, Mrs. Charles Danks, Mrs. A. L. Gross, Mrs. C. E. White, Mrs. John Hartman, Mrs. Robert McCourt, Mrs. Alex Dick, Mrs. A. C. Mudge and Mrs. E. E. Baughman.

The Swastika Birthday club met with Mrs. J. H. Coelho yesterday afternoon. Bridge was the entertainment for the afternoon. Pink and white was the color scheme chosen and was carried throughout the living room and dining room, where delicious refreshments were served at the close of the games. The officers of the club this season are: President, Mrs. J. J. Mackey; secretary, Mrs. J. E. White; treasurer, Mrs. E. P. Otto; Swastika, Mrs. Mary Roberts.

The remaining members are: Mrs. A. C. Coleman, Mrs. E. M. Emerson, Mrs. C. L. Hill, Mrs. C. K. Kirby, Jr., Mrs. Jack McFarlane, Mrs. D. H. Roberts, Mrs. W. W. Lowther, and Mrs. J. H. Coelho.

The Good Intent Circle of the First Christian church will meet this afternoon at 3:30 with Mrs. Martin Hansen, 427 McKinley. As this is the first meeting since the summer vacation, a full attendance of all members is desired.

TWENTY-EIGHT CARS OF GREEN FRUIT SOLD

About 600 Cars of Malagas Here; Growers Await Price Increase

Twenty-eight cars of San Joaquin Valley green fruit were sold yesterday on the eastern auction markets at fairly good prices, according to reports made last night by H. M. Ellis of the California Fruit Distributors. It is estimated that there remains about 600, or 700, cars of Malagas yet to be shipped from this district. Many of the growers are holding off and waiting for better prices as the season draws to a close.

Tokays are being rushed out of the Lodi district, it is said, and the shipments will be over in a short time. Yesterday's sales follow: Minneapolis \$532, Chicago \$916, St. Louis \$1175, Cleveland \$1031 and \$1168, Buffalo \$206, Philadelphia \$1085, Pittsburgh \$1257, \$1180 and \$1301, Boston \$1087, \$1028, \$1015, \$997, and \$829; Baltimore \$1210, New York \$1024, \$1000, \$1061, \$1003, \$1117, \$1053, \$1157, \$1000, \$913, \$951, \$981, and \$1042.

REDUCED DAMAGES TO BE ACCEPTED

MERCED, Sept. 20.—According to the attorneys of W. A. Owen of Atwater plaintiff in the water damage suit which was won last July against the Crocker-Huffman Land and Water Company, Owen will accept the reduced damages specified in the order of Judge Reel last Monday. Owen was awarded a judgment for \$4811 on July 1. The amount which Owen will receive under this order is \$2788.

RAISINS ARE POURING INTO DINUBA HOUSES

Thompsons Are Principal Variety Now Being Delivered

DINUBA, Sept. 20.—The dried fruit and raisin season in the packing houses has started in earnest and full crews are at work in the Griffin & Skelley and Associated plants. Thompson seedless raisins are being delivered rapidly now, most of them going to the Griffin & Skelley plant. The bulk of the Sultanias will go to the Associated house and the Muscats delivered here will be divided between the two houses. Dried figs are still being shipped from here and tributary shipping points. Smyrna, three miles south of Dinuba, has shipped two cars of figs and seven automobile truckloads to Fresno packers. The total shipments from this point will be close to 125 tons for the season.

PERSONAL NOTES FROM REEDLEY

REEDLEY, Sept. 20.—Mr. and Mrs. D. E. Eymann returned yesterday evening from Madera, where they visited for a short time with Mrs. Eymann's parents.

J. A. Bond of Stockton spent yesterday and today in Reedley looking after business interests.

Martin Miller left yesterday for Los Angeles to resume his studies at the University of Southern California.

Mrs. M. Y. Mallory, Mrs. Maude Howell and son, Franklin, and Miss Ayr Davis, who have been at Santa Cruz for the past three weeks, are expected home next Monday.

Ole Underwood has accepted a position in Fresno and began his new duties Monday.

The pool room ordinance was passed last night by the city trustees. It provides that the pool halls shall close at 11 o'clock except Saturday nights, when they may remain open all hour longer. Boys under 19 years of age will not be allowed in the rooms.

Assemblyman L. B. Cary returned today from a three days' trip to Sacramento.

C. H. Green left this morning on a business trip to San Francisco.

Hugh Miller left the week for Oregon, where he expects to enter school.

Mrs. J. B. Moomaw has returned from a visit with relatives in Los Gatos.

TULARE LAKE IS FAST RECEDING

HANFORD, Sept. 20.—Tulare lake is fast receding and much of the land that has been under water for several months is now being cultivated and made ready for crops. On the southern side of the lake, the La Hacienda company has already leased several thousand acres of land that has been overflowed for several months and hundreds of teams are now at work ploughing the ground.

Considerable work is being done on nearly every levee around the lake, in order to strengthen them.

MAN BURNED TO DEATH IN HOUSE

SONORA, Sept. 20.—Charles Howard, a former resident of Sonora and Jamestown was burned to death in his home in Ataville, Calaveras county, to which he had recently moved. A neighbor with whom he had spent the evening was aroused by the squealing of his pigs and discovered the Howard home in flames. Howard, who was a native of California and aged 42 years, was burned, his body and that of his dog being found among the charred ruins. The origin of the fire is unknown.

FRANCHISE GIVEN FIRST READING

PORTERVILLE, Sept. 20.—Franchise for the Michigan Southern railroad within the city limits of Porterville passed the first reading at a special meeting of the council held today.

The franchise allows the company the right to build a single or double track line of railroad from Thurman street to Oak street.

While the provisions are not just those which the Santa Fe people have requested, it has been generally reported they are prepared to accept it.

GIRL POISONED.

PORTERVILLE, Sept. 20.—Frances Mitchell, the little daughter of Mr. and Mrs. J. P. Mitchell, 526 Roche avenue, had a narrow escape from death last evening when she swallowed a quantity of mercuric iodine tablets. The child was saved by a prompt washing out of her stomach.

TEACHERS ELECT.

BAKERSFIELD, Sept. 20.—At a meeting of the Bakersfield teachers club held last night officers were elected as follows: President, Mrs. June Schley; vice president, Mrs. Anna Plummer; secretary, Mrs. Neva Lawson and treasurer, Miss Girard.

PORTERVILLE MAN HELD FOR ASSAULT

PORTERVILLE, Sept. 20.—Dave Gado, a former employee of a downtown billiard hall, was held for a preliminary hearing in justice court on a charge of assault with deadly weapon. The charge was preferred by J. Payson, foreman of an orange grove in the Ester district.

Payson said he was invited into a home in which Gado was one of three engaged in drinking. He refused a drink and Gado drew a gun and commanded him to drink. He declared he snatched the gun from Gado, threw it into the street and escaped.

Gado states that Payson had been drinking, that he forced his way into the house and that the gun was drawn when he refused to leave the premises.

TWO MEN HURT STEALING RIDE

PROHIBITION CANDIDATES TO LECTURE IN PARK THIS NOON

"Dry" Special Will Arrive in San Joaquin Valley This Morning; Short Stops Will Be Made; Leave Here for Bakersfield via Visalia

J. Frank Hanly and Ira Landrith, candidates for President and Vice-President on the Prohibition ticket, will reach Fresno at 12:30 o'clock today and a few minutes later will address a gathering in Courthouse Park.

The presidential candidates and members of their party will arrive here on a special train and will spend an hour in this city.

There will be no special reception and the arrival of the Prohibition leaders will not be marked by any particular celebration.

The visitors will be met at the depot by W. W. Whorton, secretary of the Prohibition County Central Committee, and a number of local prohibition advocates. The guests will be taken in automobiles direct to Courthouse Park, where Hanly and Landrith will address the crowd.

Besides the two candidates, there are Prohibitionists of national reputation on the train.

There will not be any local children at the meeting this noon, and no time will be wasted in formalities. Hanly will launch at once into the subject of national-wide prohibition.

The Prohibition special will enter the San Joaquin Valley early this morning from the Sacramento Valley. Short stops will be made on the main line of the Southern Pacific. After the stop here, the special will go to Bakersfield via Visalia and Porterville. A lengthy stop will be made this evening in Bakersfield and then the special will continue to Los Angeles and later into the Southern States.

SANTA FE TO TAP RICH ORANGE BELT

Company Orders Extension Minkler-Southern Line to Porterville

A crew of 100 men was started to work yesterday by Division Superintendent Walker of the Santa Fe railroad on the construction of a branch line extending from Lindsay to Porterville. The new line will tap one of the richest orange belts in Southern California and will fill a long-felt want in that section.

At present the Minkler-Southern addition to the Visalia branch of the Santa Fe operates only as far south as Lindsay. It had been originally intended to extend the spur through Porterville, but because of an unexpected hitch at headquarters the construction work was ordered stopped with the completion of the branch to Lindsay. Yesterday Walker was notified to start a crew on the job immediately and the work is once again in progress. Four miles of the twelve-mile stretch between the two points have already been graded. Ties and rails are being rushed to the spot and laying of the tracks will start within a few days. The grading crew is working three miles ahead of the track workers and the entire job will be completed in record time, it is reported.

While plans for a new depot at Porterville are being discussed now by the Santa Fe officials only tentatively, it is predicted at the local office of the company that before long a modern, mission-style depot will be built.

SAYS PAINTERS' ACT WAS WITHOUT CAUSE

B. T. Officer Declares Few Disgruntled Members to Blame

That the attempted withdrawal of the Painters' Union from the Building Trades Council was inspired by a few disgruntled members of the local and would not be sanctioned by the American Federation of Labor, was declared yesterday by Secretary Pilsbry of the central labor body. A full declaration of the charges alleged by the members of the painters' organization was also made by Pilsbry.

"The affairs of the Building Trades Council are in excellent condition," he said. "This can be vouched for by the state building trades union. A. Gilson, who went over the books of the council a few days ago and reported all in excellent condition. If this is the cause that will be advanced by the painters when the matter is taken up by the American Federation, their stand will be a complete failure. It was reported in labor circles yesterday that the labor unions that have withdrawn from the two central bodies are considering a plan to send delegates from their individual societies to attend the state labor convention at Eureka next month. If this action is decided upon, officials of the councils here says the delegates will not be recognized, as the rules of the Federation require that each delegate to the convention present proper credentials from the central labor bodies of their district."

RAILROAD BOARD HEARS POWER MEN

A. Emory Wilson, assistant general manager of the San Joaquin Light and Power Company, and the concern's chief counsel, W. A. Sutherland, appeared before the Railroad Commission in San Francisco yesterday in the interest of the work recently completed by the power company in the southern part of Delta, where gas was installed in place of oil as a fuel in the big refineries at Port San Luis. To do this it was necessary to lay in miles of mains between San Luis Obispo and the oil fields.

NAME RECEPTION COMMITTEE FOR FRESNO FAIR

Citizens Will Extend Welcome to Visitors to This City

Governor Johnson and Tulare Caravan Will Be Greeted

Members of civic organizations of Fresno met yesterday noon at the Commercial Club and organized a Citizens' Reception Committee, with H. Wingate Lake as chairman and Sig. Levy secretary. It will be the duty of the members of this committee to greet visiting delegations to the Fresno District Fair, and there is a likelihood that the committee may be continued for future receptions. Two official automobiles will be placed at the disposal of the members of the committee, and each automobile caravan coming into Fresno will be met several miles from the city and officially welcomed to the city. Where desired, automobile parades will be conducted through the business section of the city to the fair grounds. It was announced yesterday by Lake that the chief purpose of the committee would be to welcome visitors to Fresno and to see that their visit here was made pleasant.

"Because of the many different city delegations that are coming to Fresno during fair week," said Lake yesterday, "I wish that plans could be made as early as possible and that the heads of the visiting delegations would communicate with Mr. Levy, our secretary. In this way we can learn what time the visitors will reach Fresno and we can figure when we should go out to meet them. As near as possible we will meet every delegation coming to Fresno, whether it be by train or automobile. We want to welcome all of our visitors and make them feel at home."

The Board of Trade in Tulare and the two daily newspapers of that city are boosting for an automobile caravan to Fresno on Saturday, the last day of the fair. It is the general plan to have cities north of Tulare join the caravan as it passes along the highway. So far, Tulare is the only city outside of this county that has started an automobile caravan, but it is reported that Visalia and Hanford may send delegations to the Fresno District Fair.

The members of the reception committee, besides the chairman and secretary, are: Mayor Snow, F. A. Hoffman, William Stranahan, John A. New, J. E. Dickinson, Chris Jorgensen, Chase Osborn and H. E. Patterson.

To honor Governor Johnson Governor Johnson and party will be in Fresno next Saturday in honor of Governor's Day at the Fresno District Fair. This is also the day on which the automobile races will be staged. Plans are being made to have Governor Johnson, guest of honor at a luncheon of the Commercial Club Saturday noon if he reaches the city in time. At any rate, Governor Johnson will be greeted by the reception committee, and a band parade will be held through the city. There will be a uniformed huzler with the reception committee at all times.

Ewen, Henry Hawson and L. V. Sanford, Stranahan will be chairman of the meeting tomorrow night. From Fresno, Jacobs, who is a San Francisco man, goes to Los Angeles, where on Saturday night he will speak at a meeting. Later Jacobs goes East to aid in the campaign for the re-election of President Wilson.

JACOBS SPEAKS HERE TOMORROW

Democratic Meeting Will Be Held Friday Night in Park

Isidor Jacobs, member of the National Committee of the Woodrow Wilson Independent League of California, will reach Fresno tomorrow afternoon at 3 o'clock via the Southern Pacific and will be greeted by a reception committee headed by William Stranahan. Jacobs will speak tomorrow night at 8 o'clock in Courthouse Park. His subject will be "Why Business Men, Producers and Independent Voters Should Support Wilson." Others on the reception committee will be Clarence Edwards, Russell Uhler, H. C. Harvey, William Mc-

5 CENT ADVANCE IN PRICE OF OIL

Standard Oil Announces New Prices Effective Yesterday

SAN FRANCISCO, Sept. 20.—The Standard Oil Company of California announces, effective today in all California fields, an advance in prices of crude oil at the well amounting to 5 cents a barrel on all grades up to 35.5 degrees gravity. Oil of 37 degrees gravity and above is advanced 4 cents and upward per barrel under the new pricing schedule. The last previous advance was announced on July 7, when all grades were marked up 5 cents a barrel. The new prices follow:

San Joaquin Valley Fields.
(Kern River, Midway-Sunset, McKittrick, Lost Hills-Bridgeway, Coalinga.)

14 deg. to and including 17.9 deg. gravity, 55c per barrel.
18 deg. to and including 18.9 deg. gravity, 56c per barrel, and for each increase in gravity of one (1) full degree above 18.9 deg. gravity, up to and inclusive of 24.9 deg. gravity, one (1) cent per barrel additional.

25 deg. to and including 25.9 deg. gravity, 77c per barrel, and for each increase in gravity of one (1) full degree above 25.9 deg. gravity, up to and inclusive of 31.9 deg. gravity, two (2) cents per barrel additional.

32 deg. to and including 37.9 deg. gravity, \$1.02 per barrel, and for each increase in gravity of one (1) full degree above 37.9 deg. gravity, three (3) cents per barrel additional.

Ventura County.
25 deg. to and including 25.9 deg. gravity, 77c per barrel, and for each increase in gravity of one (1) full degree above 25.9 deg. gravity, up to and inclusive of 31.9 deg. gravity, two (2) cents per barrel additional.

32 deg. to and including 37.9 deg. gravity, \$1.02 per barrel, and for each increase in gravity of one (1) full degree above 37.9 deg. gravity, three (3) cents per barrel additional.

Whittier-Fullerton Field.
15 deg. to and including 17.9 deg. gravity, 55c per barrel.

18 deg. to and including 18.9 deg. gravity, 56c per barrel, and for each increase in gravity of one (1) full degree above 18.9 deg. gravity, up to and inclusive of 24.9 deg. gravity, one (1) cent per barrel additional.

25 deg. to and including 25.9 deg. gravity, 77c per barrel, and for each increase in gravity of one (1) full degree above 25.9 deg. gravity, up to and inclusive of 31.9 deg. gravity, two (2) cents per barrel additional.

32 deg. to and including 37.9 deg. gravity, \$1.02 per barrel, and for each increase in gravity of one (1) full degree above 37.9 deg. gravity, three (3) cents per barrel additional.

NEWS NOTES OF MARICOPA FIELD

MARICOPA, Sept. 20.—Work on the No. 1 well of the Sunset Extension Oil company on section 3, 11-23 has been shut down temporarily on account of a cement job which was completed a week ago. W. A. Pitcher, superintendent of the lease, has placed the No. 1 well in good shape and has shut off the bottom water preparing to back up the hole to the upper oil sands which were passed through when the well was being drilled. In search of bigger producing sands, Pitcher will have the well tested out in the upper sands as soon as the cement is hardened. It is expected that a well of at least 200 barrels will be developed before the well is completed.

Pitcher left for Los Angeles for a short vacation until the cement has set sufficiently to permit of the work going ahead.

President A. S. Clary of the Maricopa National Petroleum Company, with property on section 32, 12-22, returned Sunday from his home in Fresno and has again taken up his residence on the company's lease. Work on the finishing up of the No. 1 well is now under way. The well was cemented some few weeks ago and the drillers are now finishing the hole into the producing sand.

The property is located in the best section of the Maricopa flat and the company now has secured very good producing wells. Further work on improving the lease and developing the production will be undertaken in the near future and it is expected that several other new wells will be drilled on the property during the coming year.

K. T. O. TO BUILD THREE NEW RIGS

MARICOPA, Sept. 20.—Orders for the erection of three new derricks will be issued in the next few days by the Kern Trading and Oil Company in the Sunset field. The new wells will be located along the line of the Standard Oil company's property on section 36, 12-24 to offset wells which are soon to be drilled on locations nearby by that company. The new work will put not less than six well crews at work near this city as the six new wells will be pushed rapidly to completion. The derricks will be started in a few days and as soon as each is completed and rigged up, work will be commenced. The locations for the well have already been made by each company.

to and inclusive of 36.9 deg. gravity, two (2) cents per barrel additional.

37 deg. to and including 37.9 deg. gravity, \$1.02 per barrel, and for each increase in gravity of one (1) full degree above 37.9 deg. gravity, three (3) cents per barrel additional.

BRIEF OIL NOTES OF MIDWAY FIELD

TAFT, Sept. 20.—Filled with the knowledge that previous days are being wasted with his property standing idle and oil at 54 cents a barrel, Dr. F. L. A. Hamilton, who is known throughout the California fields because of his former efforts on the Baltimore property, is in the fields prepared to start drilling at once.

The doctor has employed his original driller on the Baltimore to superintend the work. This is Henry Tower. Tower has a long experience in deep well as well as shallow well drilling.

The first well to be drilled by Dr. Hamilton will be near the line of the South American Oil Company. The Diablo division where excellent wells have been brought in. The North American finished three in the past month all giving a good production when put on the beam. The oil sand is found at a depth of about 1,100 feet. This makes the cost of drilling a small one compared to that of the deep rotary holes of some parts of the field.

In the selling of the various lots on his property Dr. Hamilton has been exceedingly successful. It has been through this method that funds have been raised for the drilling of the well.

William Harlan who recently purchased lot 16 of the Hamilton tract is preparing to drill a well at once. He is now hauling material for a camp.

Resinol the tested skin-treatment

If you want to experiment on your skin, there are plenty of treatments to experiment with. But if you want something whose value has been proven by years and years of successful use, if you want a treatment that doctors prescribe constantly, that you know contains nothing harsh or injurious, you will find it in Resinol Ointment, aided by Resinol Soap. It usually stops itching instantly, and rarely fails to clear away all trace of eczema or similar tormenting skin-eruption.

Resinol Ointment and Resinol Soap are sold by all druggists. For trial test, write to Dept. 224, Resinol, Baltimore, Md.

This Owner Writes—

"I am particularly impressed with its flexibility. In driving, it is scarcely ever necessary to shift gears. It picks up faster than any other car I know of."

Another writes—

"For me the automobile problem is solved."

The superiority of this motor in smoothness, power and flexibility is beyond question—everyone who is motor-wise freely admits it.

Come in and see and drive the car with the sweetest, smoothest, softest motor the world has ever known—the only motor whose power increases with use.

DEEP WELLS AND THE SEA

In their investigation of the underground water resources of the coastal plain of Virginia, the geologists of the United States geological survey have collected data relating to many hundreds of artesian wells that yield excellent water. The variation in flow exhibited by these wells with the rise and fall of the tide is of peculiar interest, the flow becoming notably greater at flood than at the ebb tide. It is the general opinion among well drillers that practically all flowing wells near tidal rivers or inlets from open bays do feel the distant sea, but some of them so slightly that the variation in flow is not noticeable.

The geologist in charge of the ground-water investigations in Virginia states that changes in water level in wells due to fluctuations in the height of the surface of some neighboring body of water, have been observed all over the world. It is customary to explain these changes by supposing a direct connection between the river, lake or bay; but in many places, as in eastern Virginia, such connection is clearly impossible, owing to the depth of the wells and the nature of the intervening beds, some of them dense, tough marls and clays. These beds, however, though they do not transmit water, nevertheless contain it, and as water is practically incompressible, any variation of the level on the river or bay is transmitted to the well through the water-filled gravels, sands, clays and marls. Where porous bed is tapped by a well the water rises to the point of equilibrium and fluctuates as the hand of the ocean varies its pressure on the beds that confine the artesian flow. How to Keep Well, Talks on Health

By DR. W. A. EVANS
Professor of Hygiene in Northwestern University and Former Health
Commissioner of Chicago

SOME METHOD OF TREATING HAY FEVER.

Mrs. M. T., a patient of Dr. Harold Wilson, had had hay fever since childhood. It began in May and lasted until frost. She was sensitive to flowers, to dust, and to which she had the usual symptoms of hay fever on July 1. On July 2 she began taking fifteen grains of calcium chloride three times a day. On July 3 she said her eyes were "terribly itchy," her nose was itchy. By July 25 she was well and she remained well thereafter.

Mrs. M. T. had had hay fever in the fall for seven or eight years. The eye and nose were made with ragweed pollen. She said that her eyes were "terribly itchy" on July 1. On July 2 she began taking fifteen grains of calcium chloride three times a day. On July 3 she said her eyes were "terribly itchy," her nose was itchy. By July 25 she was well and she remained well thereafter.

The method of giving calcium chloride is as follows: Calcium chloride crystals, four ounces, distilled water to make one pint, teaspoonful after each meal.

While it is very much better to begin the use of calcium chloride several months in advance of the hay fever season, the drug has some curative power when used only during the attack.

Dr. Solomon and Frank made a comparative study of the efficiency of bactericidal vaccine, pollen extracts alone, and a combination of vaccines and pollen extracts. They found that 61 per cent of the patients treated with pollen extracts had milder attacks of hay fever than was their habit. In 20 per cent of the cases the attacks were improved as compared with previous years. All of the patients treated by the combined method were improved, but since they only treated four cases that way they do not think any conclusion can be drawn.

The bactericidal vaccine was made from bacteria grown from the patients themselves, in other words, autogenous vaccine. The pollen extracts were made from pollen of ragweed. Pollen extracts are made from pollen and bacterial cultures can be produced from any hay-fever-producing laboratory through local druggists. They can be given by family physicians. Autogenous vaccines must be made from a culture made from the patient. In most instances, the family physician can make the culture and send it to the laboratory.

FACE A SIGHT WITH MASS OF PIMPLES

Intolerable Itching, Spread Rapidly,

HEALED BY CUTICURA SOAP AND OINTMENT

"A mass of fine pimples with an intolerable itching started at the corner of my mouth and spread rapidly over the lower lip and chin. It appeared red and angry-looking, and when rubbed or wet it burned like fire. My lip became swollen. I did not get one night's sleep, and my face was a sight."

A friend told me about Cuticura Soap and Ointment, and I got them. After using one cake of Cuticura Soap and two boxes of Ointment, my face was healed. (Signed) Mrs. T. E. Williams, Box 178, R. F. D. 1, Puyallup, Wash., Feb. 21, '16.

Breeds in Catch Basins
Assistant State Entomologist McMillan tells me that mosquitoes are breeding in the catch basins. This can be prevented by pouring a small quantity of kerosene on the top of the water in the basin. The oil must completely cover the water.

Veronal
H. writes: "Kindly inform me if the use of veronal is a cure for headache or is it a habit-forming drug."

REPLY.
It is not a cure for headache. It is a habit-forming drug. Veronal is a very efficient sleep producer. No one is justified in using it for insomnia except under a doctor's orders, and it is doubtful if physicians are justified in prescribing it for insomnia.

\$25,646 in Suit

Mrs. Marie Miller of Fresno yesterday brought suit for \$25,646 against the Kings River-Jump Auto Service Co. The complaint charges that on October 27, 1915, her son, Edward Welch, was struck by an automobile driven by an agent of the company on the highway and severely injured. Welch is said to have been riding a motorcycle and to have been on the right side of the road, while the machine is alleged to have been on the wrong side of the road. Welch at the time of the alleged collision was 17 years old and an apprentice plasterer. The complaint says that because of the

K. T. O. TO BUILD THREE NEW RIGS

MARICOPA, Sept. 20.—Orders for the erection of three new derricks will be issued in the next few days by the Kern Trading and Oil Company in the Sunset field. The new wells will be located along the line of the Standard Oil Company's property on section 35, 12-24, to offset wells which are being drilled on locations nearby by that company. The new work will put not less than six well crews at work near this city as the six new wells will be pushed rapidly to completion. The derricks will be started in a few days and as soon as each is completed and rigged up, work will be commenced. The locations for the well have already been made by each company.

37 deg. to and including 37.9 deg. gravity, 1.03 per barrel, and for each increase in gravity of one (1) full degree above 35.9 deg. gravity, three (3) cents per barrel additional.

BRIEF OIL NOTES OF MIDWAY FIELD

TAFT, Sept. 20.—Filled with the knowledge that precious days are being wasted with his property standing idle and oil at 55 cents a barrel, Dr. F. L. A. Hamilton, who is known throughout the California fields because of his former efforts on the Baltimore property, is in the field prepared to start drilling at once.

The doctor has employed his original driller on the Baltimore to superintend the work. This is Henry Tower. Tower has a long experience in deep well as well as shallow well drilling.

The first well to be drilled by Dr. Hamilton will be near the line of the North American Oil Company. The North American finished three in the past month all giving a good production when put on the beam. The oil sand is found at a depth of about 1,100 feet. This makes the cost of drilling a small one compared to that of the deep rotary holes of some parts of the field.

In the selling of the various lots on his property Dr. Hamilton has been exceedingly successful. It has been through this method that funds have been raised for the drilling of the well. William Harlan who recently purchased lot 76 of the Hamilton tract is preparing to drill a well at once. He is now hauling material for a camp.

W. Scotty of Hurley, New Mexico is in the field watching the result of the drilling of these wells. He has purchased a part of the Hamilton tract and is ready to arrange for the drilling of a well immediately upon the completion of the new holes to be put down. Scotty claims much interest is being shown among the people of his city relative to the Hamilton operations. It is his belief that many of the mining men will turn into oil operators on short notice if these wells are brought in as good producers.

BARNUM AND BAILEY'S BIG GLITTERING CIRCUS TODAY
"Best Ever" Parade This Morning at 10 o'Clock

With Barnum & Bailey's Circus today

"When dawn's left hand was in the sky" (as our old friend Omar would say) there came "stealing through the dusk" (to use our old friend again) a perfectly good, modern, up-to-the-minute circus known as Barnum and Bailey's. And the only reason for borrowing any phrases from Mr. Khayyam is in the oriental suggestion in the name of the pageant which is part of the greatest show on earth. It is "Parade—Or The Pageants of the Thousand and One Nights."

To return to the vernacular of the present day, the big show rolled in early this morning on the tracks of the Southern Pacific railroad. Three great trains carrying, in all, 89 private cars and stored away in all of the spaces of this vast caravan were wild animals, camels, flags, sawdust, costumes, kitchens and all the other things that go to make up a city of white tents and blankets covering 20 acres and representing an outlay of \$5,000,000.

No here it is at last—the phantom city, looking so solid and settled that it is hard to believe that when we wake-up tomorrow morning it will have disappeared, leaving only the memory of the liveliest time since last circus day, or perhaps in the minds of some of our girls and boys, a lingering desire for more pink lemonade, peanuts and popcorn.

The first event of the day will be the parade, which starts from the circus lot at 10 o'clock. Of course it will be "bigger and better" than ever before. It is to cover three miles or more and in the long line of sparkling gold and shimmering spangles there will be thousands of animals, wild and tame, including a 108 cage zoo, with all the animals in plain view: 35 camels, 40 elephants, 745 horses, 1300 persons, numerous floats, tableaux, various, including pretty ballet girls in fairy costumes, allegorical cars of real gold, six bands and (glory of glories) three steam calliopes and a compressed air piano. Clowns galore will make fun along the line of march.

The performance opens with the pageant already mentioned and, according to the advance descriptions it should be a thing of beauty and a joy forever. The Sultan of Persia and his famous queen, Sheribzade, known to all lovers of the ancient fables, appear on elephants in trappings of velvet and cloth of gold. Their bespangled accoutrements are made dazzling in the faithful portrayal of the grandeur of the old East. In this great caravan 125 performers appear in 350 different costumes, each vying with the other to depict the opulence of the potentate. There is a caravan of camels, hundreds of horses and herds of elephants, while 350 musicians play the exotic music to which the picture is set.

At the close of this great prelude the real old-time circus stunts begin. There are 50 new acts from Europe and as many of the old ones in which the daring and skill displayed makes them forever new.

There were half of a thousand kids and grown-ups at the railroad yards this morning when the "Flying Squadron," first section of the big circus train arrived.

There are 80 clowns with the show and they are said to be funnier this year than ever before.

Parade Route.

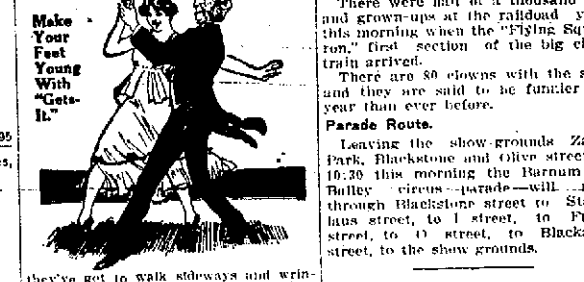

Leaving the show grounds Zapp's Park, Blackstone and Olive streets at 10:30 this morning the Barnum and Bailey circus—parade—will move through Blackstone street to Stanislaus street, to I street, to Fresno street, to O street, to Blackstone street, to the show grounds.

"Goodnight Corns!
We Use 'Gets-It'!"

3 Drops in 2 Seconds. That's All.
"GETS-IT" Does the Rest.

Never Fails

"Really, I never could see how some people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes in with bandages into a package that fills their shoes full of feet and makes corns so painful."

Make Your Feet Young With "Gets-It!"

At the close of this great prelude the real old-time circus stunts begin. There are 50 new acts from Europe and as many of the old ones in which the daring and skill displayed makes them forever new.

ALL JUNIOR BOOSTERS ARE
INVITED TO PATRIOTIC
MATINEE SATURDAY

Will Be Republican's
Guests at Kinema
at 9 a. m.

Patriotism doesn't mean singing the "Star Spangled Banner" in school every once in a while. It means in trying the way our boys are doing right now down along the Mexican border. You Can't Do That But What You Can Do

Of course, no one expects your children to go into the army and fight, but just the same you can do your little toward making your country a bigger, finer country.

And that doesn't mean only trying to help the United States and Uncle Sam, which would be a hard thing for a child to do—but it does mean to be proud of that part of it where you live and where your family have their interests.

Get In With All Your Heart

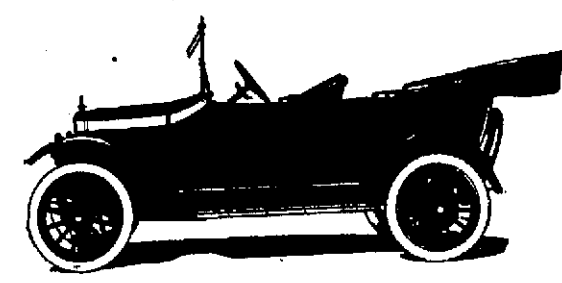

It means that when your town or county or district starts anything which is for everyone's good, you must try and do everything you can to make it a success.

That's patriotism that really means more than a lot of singing and shouting and making speeches and firing off fireworks.

Republican Does Everything For You

And see the way the Republican makes it easy for you to be good. It distributes you a hat that boasts your coming District Fair every time you want to—just in front of his patriotism on the part of the Republican and in little on your part. Now, show just how much you appreciate real, true

SECOND EPISODE OF LIBERTY
AT BIJOU THEATER
TODAY

Action and thrills abound in this second episode, which is sub-titled "Riding to Death." It shows Liberty riding to warn Colonel Dalton that the Mexican raiders are coming and is seen by the bandits, who give immediate pursuit.

Previous to her wild ride is seen a realistic fight between the Mexican bandits and the Texas Rangers, during which Manini and Rutledge engaged in a hand-to-hand fight on the edge of a cliff.

This serial is exciting a lot of comment all over the east, where it is just beginning to make its appearance. It deals with the Mexican situation and is wonderfully true to life, picturing actual scenes during Villa's raid of Columbus and the pursuit by American troops.

"His Own Story" and "The Fall of Heaven, Stillwater," a comedy, will augment the feature episode at the Bijou today.

Friday's program will feature "The Way of the World," a society drama full of tense and gripping incidents. A society man, estranged from his wife makes desperate love to the wife of another, and no lengths are too hazardous to win her for his own. The story is taken from a play of the same name, and in picturing it all the details that cannot be produced are shown, making it startlingly true to life.

Robert Bosworth is starring in "The Way of the World."

Saturday another of those humorous "Timothy" Dobbie comedies will be shown, wherein he seeks to become a cop and succeeds only to meet disaster in the most laughable comedy seen for many a week.

"Way Ridden Mexico," an educational film, will be shown, as well as "Cleo Madelon in a Drama." The girl Cleo Madelon is a wonderfully talented woman full of originality, which she gives full play while she is before the camera.

Marie Delamp and Eddie Polo will star in "Onda of the Orient," coming to the Bijou next Sunday. These two work side by side to a wonderful advantage, and this particular picture is pronounced one of the best features that has been released in the last three months.

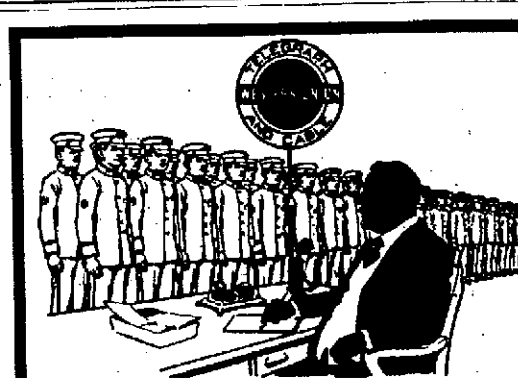

A comedy, "Smiling in High C" will also be shown Sunday in order to give spice and variety to the entertainment.

patriotism and do your share and proudly wear that hat every time you get a chance.

Add a Flag Saturday

On account of the patriotic film you are going to see Saturday morning free on the guests of the Republican, you are requested to wear an American flag, together with your patriotic do to get into the Kinema at 9 a. m. sharp and see the whole show.

Some treat, youngsters! And every Junior Booster in the San Joaquin Valley is invited

The success of the tenth annual Fresno District Fair, which opens Tuesday morning, is assured through the co-operative work of the directors of the association, C. G. Libbert, the secretary, and the heads of the various departments, who have been at work for the last few months. A spirit of unity prevails among the workers for the district fair and each year this has grown until at present the association has a fine working machine from J. E. Dickinson, the president, down to the laborers in the fair grounds. Plans for the Fresno District Fair were started months ago with a banquet at the Hotel Fresno to the stockholders and those interested in the work. Enthusiasm was aroused at this informal meeting and it has increased during the weeks that the work has been pushed until at present all little details have been completed and the fair will open Tuesday on the appointed hour with bigger entries in all departments than ever before.

The main office of the fair association in the Chamber of Commerce building with Libbert and W. A. Cannons, assistant secretary, in charge the fair, the fair will be a big success. Entries are now closing in many of the departments and it may become a problem where to house the exhibits, as the majority of the buildings are full of business. More interest than almost any year in their capacity.

MERCED FAIR OPENS WITH VERY GOOD ATTENDANCE

Many Fine Exhibits Are Installed in Native Son's Park

Opening Feature of Show Is Street Parade By Citizens

MERCED, Sept. 20.—The Merced county fair, opened at 1 o'clock this afternoon. The opening feature was a citizens' parade, headed by the Merced Concert band, from the business district to the fair grounds at Native Sons ball park.

The opening attendance registered an encouraging number, showing various sections of the county. Prominent among the exhibits revealing the county's agricultural resources and attainments are community displays from Stevenson, Le Grand, Atwater and Livingston.

Mercantile and industrial exhibits entered by local and outside concerns represent various industries, among them being automobiles, pianos and musical instruments, groceries, confectionery, hardware, lumber, flowers and plants.

An exhibit of graphics centered by the chamber of commerce shows by a series of comparative models the ratio between the supply and demand for agricultural and dairy products of the county, valley and state. Dairy products, olives, almonds and figs are notable examples of the industries represented in this exhibit.

Medical Operating Room
The county hospital has a model operating room and exhibit of first-aid essentials. In conjunction with this display is the child welfare exhibit of the California State Board of Health, showing by a system of charts pertinent facts relating to care of babies, diet, care of eyes and preventive measures to general tuberculosis.

The exhibit will be moved to the Fresno district fair at the close of Merced's show.

School exhibits are made by the Merced grammar and high schools and the Dos Palos high school, showing creditable work done in lines of art, domestic science and manual training. A special exhibition section shows a choice collection of needlework specimens entered by the women of the county. Flowers and plants are exhibited in competition in the women's department also.

A number of the animals for the livestock show will enter this morning. More will arrive later in the course of the fair when the judging will be commenced by Gordon True of the State University's Agricultural department.

The carnival shows are in operation full blast, drawing a throng of amusement seekers.

Tonight a street parade was held in which the concert band, the boy scouts, citizens automobiles and features from the carnival shows marched.

Program for Today
The principal events of tomorrow will be an address at 2:30 in the afternoon, by Gordon True, on "Dairy Cattle," and political speeches in the evening by Hon. Denver S. Church, candidate for re-election to the House of Representatives, and Walter C. Maloy, Democratic candidate for assembly.

The fair tent is provided with comfortable rest quarters and refreshments are served in concessions held by women's societies of the various churches. The fair will continue until Saturday night.

NEWS BREVITIES OF ORANGE COVE

ORANGE COVE, Sept. 20.—Will Prosser and wife of Chicago, and Walter Barber of Long Beach were the guests of O. R. Barber and family. On Wednesday the Barbors and visitors took a run up to General Grant National Park.

John Wraith is preparing plans for a \$2000 bungalow and other farm buildings.

Work on the new citrus packing house is progressing nicely. The cement curing basement and the foundation for the building will be completed this week.

The newly elected officers of the Orange Cove Citrus Association are: J. Frank Wright, president; O. R. Barber, vice president and E. M. Sheridan, secretary-treasurer.

John Montgomery of Sonoma, Ventura county, who has been here for several days getting the work started on his eighty-acre tract returned home Tuesday evening.

One of the finest irrigation wells in the Cove has just been developed on the tract of Benton Brown.

Mr. and Mrs. Herman Lazar are in Los Angeles for a few days on business matters.

This post office has been advised that a rural free delivery route will be started from here beginning November 1. The necessary papers have also been received for the installation of the same. A number of the people on the west are now served from the Reedley office, and several on the south and east from the Oroni office. This new route will make it possible for them to get mail from their home office.

W. K. Flynn has returned from California Hot Springs very much improved in health.

HANLY TRAIN TO STOP IN MODESTO

MODESTO, Sept. 20.—Modesto will entertain tomorrow J. Frank Hanly, prohibition candidate for President, and Ira Landrith, candidate for vice president, who will arrive on their special train by way of the Southern Pacific at 7:30 a. m. and stay for one hour.

ATWATER MAN DIES
MERCED, Sept. 20.—A man was received here this morning of the death of L. S. Nickerson, an orchardist, of the Atwater vicinity, who died at San Jose last night. Nickerson suffered a collapse several weeks ago, and was taken to San Jose for recuperation.

COALINGA WILL SEEK ROAD TO PARKFIELD

Committee Is Named to Confer With Supervisor in Regard to Matter

COALINGA, Sept. 20.—The Council has appointed a committee to confer with Supervisor Wells, to see what can be done in regard to opening up a road to the Parkfield country. The members of the committee are: E. N. Ayers, Jack Zwanig, C. A. Brown, Dr. G. T. Mountain, Joe Gruell, L. B. Stepp, C. N. Sanderson and Mayor Adam Kellner. As Mr. Wells was a visitor in Coalinga yesterday, the committee got down to work and has arranged to take him over the proposed road tomorrow. The project has the hearty support of the Chamber of Commerce and other local organizations and if a first class road can be built it would open up a thickly settled country to the market and this city, and also give the residents of this section a short route to the coast.

LINDSAY TO SELECT ORANGE SHOW QUEEN

Several Lindsay Women to Compete in Contest; Brief News Notes

LINDSAY, Sept. 20.—Lindsay is entitled to the selection of the queen of the National Orange show at San Bernardino in February and a committee met today to arrange for a contest. Several Lindsay women are suggested for the honor but the nomination will not close until the first of October. The committee consists of M. K. Henderson, E. H. and A. C. Tienken, A. M. Robertson, T. E. Anderson, S. I. Harnelling and A. L. Evans.

E. E. Everett who has had charge of the Mt. Whitney office for some time has gone to his ranch near Fresno and W. L. Stewart, of Tulare, is looking after the local office. Miss Tate who was injured in an auto accident some time ago will have charge of the office after the first of the month.

The city rate for this city this year will be two dollars or ten cents lower than last year. This also provides \$5 per \$100 for an oil wagon and some oil. The trustees have concluded that sprinkling the streets is almost a waste of money and from now on will spray with kerosene.

Three young men were arrested Sunday for violating the liquor ordinance. They had in their possession in a vacant house on McMurdo avenue a barrel of beer and a quantity of whiskey. Their hearing has been set for Saturday. The young men are Geo. Ward, S. W. Nelson and Ben Thompson.

The schools opened Monday morning with an enrollment of 734 or 42 more than last year. The high school had 170, the Jefferson 133 and the Washington 372.

The assessed valuation of Lindsay is non-operative property, \$1,150,000 and operative property \$24,000.

W. B. Kiggins has left for a few weeks' business trip through the eastern states.

DINUBA SCHOOLS SHOW INCREASE

Attendance in Grammar School is 10 Per Cent Over Last Year; Brief News Happenings

DINUBA, Sept. 20.—The Dinuba high school opened here Monday morning with an enrollment of 194. This is approximately the number which entered the school last year. The freshmen class has an increase of about 10 per cent. This increase is offset by a corresponding decrease among the other grades. Principal Chas. Carigan stated today that there were about 20 yet to enroll and that he expected a constant increase in the enrollment by the addition of new families to the community.

The faculty is about the same as last year, most of the teachers coming again this year. The board of education has added the departments of music and agriculture. Prof. Schlimmer, graduate of Cornell, has charge of the last named department. Prof. Schlimmer arrived here about a month ago to study local conditions and has aroused considerable interest in the new department among the residents and patrons of the district.

FRESNO

DISTRICT FAIR

TUESDAY IS OPENING DAY

Everything is ready for the big show!
Next Tuesday will usher in the biggest exposition ever held in the interior. Thousands of visitors from all parts of the State will be there and every Fresnoan should plan on being numbered among those present on "Opening Day".

Exhibits Will Be A Marvel Of Completeness

Never before has so much interest been aroused amongst exhibitors. The community exhibits will probably lead them all, but wonderful displays will be made as well by commercial organizations and individuals.

Here you will see the resources of the Valley in the most tempting and attractive surroundings, every exhibit will compete for handsome prizes.

Don't Forget the Auto Races

Scores of Free Attractions

"California Poppies" the sensation of the Exposition—"The Three Dailies" whirlwind roller skaters direct from Madison Square Garden, Horribles from almost every surrounding town, Monte Austin, the Towel of Jewels singer, all these and scores of others will keep you entertained every minute of the day.

Wonder Amusement Zone

The Amusement Zone this year will be conducted on bigger lines than ever before. There will be more to see, more to do and more to amuse. The children especially will find much to enjoy at the "Amusement Zone".

Live Stock And Horses All Prize Winners

The biggest showing of prize cattle has been promised, fine thoroughbred horses, blue ribbon swine, ponies, mules, sheep, etc., will be exhibited as well as horses for the races.

The horse races this year will be a big feature and new records will be striven for and surpassed.

It will be great!

Don't Forget the Fireworks

Excursion Rates On All Railroads

SANGER BREVITIES

SANGER, Sept. 20.—W. D. Mitchell, S. P. Hubler, H. M. Rodgers and their wives and Mrs. Wm. Hubler arrived home last night from their trip to the mountains. They were gone about two weeks and report game very plentiful in the hills. As they only succeeded in bagging one there was no danger of the game warden interfering with them. George Day, the guide, killed a big buck which was enjoyed by the campers.

Charlie Partridge is down from Hume from where he has been running a buck train back into the mountains for Mrs. Kanawyer during the summer. After spending a few days in the valley he will return to the mountains and make another trip crossing over into Nevada before coming out.

Dr. Fleming was called to Fresno yesterday on professional business.

Mr. E. E. Baird and wife and Mrs. C. P. Walton are touring the southern part of the state, taking in San Diego and Tijuana before their return which will not be before the 25th of this month.

Mrs. M. C. Armstrong returned Monday afternoon after spending a week-end in Hanford and Armona visiting among relatives and friends.

The Sanger band is taking over the portion of the vaudeville entertainment that is to be given on Sanger Day at the District fair. It will have a "horrible" parade and some other good side features never before attempted in this locality. The schools will probably close for Sanger day and so no children under fourteen will be admitted to the grounds free by the fair management on that day although that is not the children's day.

BOOSTERS VISIT MERCED
MERCED, Sept. 20.—The special train bearing the Oakland boosters on the return trip of their San Joaquin valley excursion, made a brief stop here at 10 o'clock this morning.

WHEATVILLE

WHEATVILLE, Sept. 20.—Miss Kerr, teacher of the Crescent school, reports the enrollment of six new scholars.

Mrs. P. M. Corbly and son Perry left for Fresno Hot Springs to be gone for two or three weeks.

Mrs. Mable Kanawyer is visiting her sister, Mrs. Thomas Cowan for a few days.

J. L. Leggett and family have moved to Fresno, where his daughter, Edna, is attending high school.

Mrs. Witt's many friends are glad to hear that she is able to be around after her serious illness.

B. T. Wyke is making preparations to have the Crescent canal plowed and scraped.

E. H. Dunkle and family passed through here on their way to Fresno Saturday.

Grant Owens of Porterville is spending a few days with Earl Witten.

Mr. and Mrs. F. A. Engesser and son Earl spent Sunday evening at the D. C. Francis home.

County Superintendent of Schools, Lindsay was among the passers by here today.

A. W. Bartlett of the Wheatville ranch has returned from his summer vacation.

Pearl Maloney has taken up his duties as assistant to the postmaster. Wheatville farmers are very busy preparing the ground for sowing a large acreage of land to grain this fall.

Our employees receive the very best wages and treatment. They are happy and contented. Working conditions are ideal here.

"TURLOCK DAY" AT STANISLAUS FAIR SUCCESSFUL

Big Auto Caravan From "Melon City" Breaks Attendance Record

Hughson Joins Neighbors in Visit to Fair; 6,000 Attend

TURLOCK, Sept. 20.—This was the biggest day in attendance for the Stanislaus Livestock Show and Exposition more than 6,000 people passing through the gates. Auto caravans from Turlock and Hughson and the Oakland "Melon City" group, together with the attendance of Poland-China breeders from every section of the state, who were attracted by a consignment sale of purebred stock, were responsible for the gathering, which crowded the fair grounds to capacity.

More than 100 cars brought the crowd from Turlock to boost "Turlock Day." The Turlocks were headed by S. T. Webber, secretary of the Stanislaus Board of Trade; Mayor E. B. Osborn, J. V. Baker and George Keith. The "Melon City" caravan arrived at noon, their plans for reaching the fair in the morning being disrupted by entertaining the Oaklanders. The Turlock visitors were especially interested in the agricultural display from the Stanislaus district, which included the exhibit of the Stanislaus district and the Stanislaus district.

The town of Hughson took a holiday, business and schools being closed for the day. Their caravan of 50 automobiles helped in the fair's success. While this was not "Hughson Day," the Hughsonites were ready to compete with the showing of their larger neighbor, Turlock, in the big parade to the grounds.

The Oakland trade special arrived from the south at 12:30 and the visitors were entertained at luncheon at the Hotel Hughson. The lobby of the hotel was set with tables to accommodate the crowd. The Oakland Polytechnic School band, 40 members, entertained by the Stanislaus district at a picnic lunch on the high school lawn.

The consignment sale of Poland-China swine, T. J. Oikerson of Lemoore, auctioneer, attracted breeders from every section of the state. Bidding for the stock was spirited. Forty head of registered swine were disposed of at high prices. This stock was selected and recommended by Prof. J. I. Thompson of the University of California.

A Holstein cow, Modesto Zenobia III, owned by J. W. Bennett, and a Jersey, owned by Venadara, owned by Guy H. Miller, are leading in the four-day butterfat contest for the first day, with productions of 2,271 and 2,202 pounds of butterfat respectively. These two cows will probably fight it out for the final top-notch.

Tomorrow will be "Modesto Day" at the fair, and in honor of the day all stores will be closed and the entire community is expected to pass through the gates and swell the attendance to a number even greater than today.

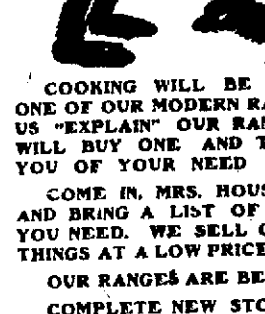

END IS HASTENED BY AUTO ACCIDENT

RAISIN CITY, Sept. 20.—As the result of a severe shock sustained recently when an automobile in which she was riding left the road and plunged across a plowed field, Mrs. North C. Livingston, a well known resident of this place, died late yesterday. Mrs. Livingston had been suffering from asthma for years. Of late her condition became worse and the shock attending the narrowly averted auto accident is thought to have hastened the end. The remains will be sent to Fresno for burial. Services will be held at the chapel of Stephens & Bean on Friday at 10 a. m.

QUESTION SANITY.

Modesto Rancher Probably Fatally Injured by Bull

MODESTO, Sept. 20.—R. F. Anderson, prominent breeder and dairyman, residing eight miles west of Modesto, was probably fatally gored by a 2,200 pound Holstein bull, one of his show herd at the fair this morning and is in a critical condition at the Modesto hospital. Anderson was engaged in clipping the animal's head when attacked. His injuries consist of a broken thigh, four broken ribs and serious internal injuries.

RIVERBANK DAY AT MODESTO IS SUCCESS

Fair Is Largely Attended By Adults and Children

RIVERBANK, Sept. 20.—Riverbank Day at the Stanislaus Stock show and exhibition was observed by the closing of the school, and the various business houses. Almost everybody attended the exposition. Principal Gutwiller and assistant teachers accompanied the children to Modesto in autos where the kiddies first spread a lunch on the court house lawn and ate before proceeding to the grounds in a body.

The remainder of the Riverbank people gathered at the bank building at 1 p. m. and proceeded to Modesto to join in the afternoon at the fair grounds. Riverbank has made a very good exhibit considering the fact that it was arranged at the last minute.

LOS BANOS NOTES

LOS BANOS, Sept. 20.—A well so far foot has just been completed with a hand pump for the purpose of supplying drinking water for the grammar school. An attempt was made two years ago to sink an artesian well on the school grounds, but was unsuccessful. The present water supply is unsatisfactory as there is not sufficient force to the water to meet requirements.

J. V. Toscano is having a well sunk on his property in the Hughes tract adjoining town. He contemplates building a handsome residence in the near future for a permanent home.

The Oakland boosters arrived yesterday morning by automobile 150 strong. They were met by members of the Chamber of Commerce, and driven over the principal sections of interest. Ladies of the Methodist church furnished the guests with luncheon at noon served in the I. O. O. F. banquet hall.

Fifteen children have been reported as suffering from measles. Several have been sent home from school as suspects.

TRANQUILLITY

TRANQUILLITY, Sept. 20.—Frank Miller is visiting relatives in Laton. H. C. York has been appointed deputy sheriff.

Eileen, the little daughter of Mr. and Mrs. C. H. Blackwell, is ill with diphtheria.

VIEW R. R. CROSSINGS.
MERCED, Sept. 20.—An inspection of all the railroad crossings in the county is in progress by R. G. Ashworth and T. J. Garey, representatives of the railroad commission.

To the Ladies of FRESNO

Our lady representative will call at your home to show you what Calumet Baking Powder will do for you and why it is called the cook's best friend.

The demonstration and test she will make are interesting and instructive. The test is not a comparative test of the strength of different baking powders because the water glass test does not show the strength of baking powder that does not contain white of egg.

The test will, however, show the superiority of Calumet in other respects and prove why it has solved all baking problems in millions of homes. Calumet is not only the best leavening agent possible to make, but it is sold at a popular price and is therefore an important factor in reducing the high cost of living.

Calumet is manufactured in the largest, finest and most sanitary baking powder plant in the world, by experts who make nothing but baking powder. Calumet received the highest awards for purity and efficiency at the world's greatest pure food exhibitions at Chicago in 1907, and at Paris, France, in 1912. Calumet contains only such ingredients as have been officially approved by the United States Food Authorities.

Calumet is guaranteed to be Pure in the Can and Pure in the Baking. Try Calumet once at our risk. Your money back without question if it isn't the best baking powder you ever used.

Chicago University Loses Two Players

CHICAGO, Sept. 20.—The loss of two players on whom Coach Stagg depended as probable regulars was reported when the Maroon football squad assembled today for its first formal practice. Frank Truener, who got a good deal of experience at end last fall, was expected to be a regular wing man this season, decided not to go in for football, but to devote his time to the varsity basketball team, of which he is captain. "Warhorse" Parker, a likely candidate for fullback, also is not to take part.

Youthful Nimrod Bags His First Buck at the Mature Age of 7

John Edwin Peather is his name. Seven years is his age and great is his prowess as a nimrod. John is here depicted standing beside his first buck, which he brought to earth with one shot from a 30-30 rifle on the 13th. The buck was out on a hunt for the elusive deer with his elder brother. He had no attack of buck-fever before or during the shooting, and he was perfectly serene, with a bit of pride, now that he had brought his quarry around the point. The brothers startled at deer, which ran within 60 feet of the little lad who had been left as a sentinel, and finally paused to gaze at him from a distance of about 20 yards. Evidently the stag had no fear of the young of the species, and this same lack of fear was his own undoing, for John Edwin is an unusual specimen of the species. One shot from the rifle, which was just about as tall as the "man" that held it, was sufficient. The bullet broke the buck's neck, killing it instantly.

The stalking-elder brother returned as soon as he heard the shot, and discovered a most calm young hunter. Japanese Players Leave for Vancouver

SEATTLE, Wash., Sept. 20.—John Kumamoto and Masamichi Mikami, the Japanese tennis experts, whose play on American tennis courts was so brilliant, departed for Vancouver today, to take passage on a ship sailing for the Orient. Both said they would visit America next year and would bring with them another player, the greatest in the world, who would carry off the American championship. The name of this player was not divulged. A national tennis tournament will take place in Japan January 1, and an American team is expected to compete.

LOS ANGELES, Sept. 20.—Ted Easterly, formerly a catcher with the Pacific Coast League Salt Lake City team, was signed today by Frank Chance, manager of Los Angeles. Easterly will replace Walter Holke, now out of the game with an injured hand. Chance said he might sign Charles "Skeeter" Fanning, former Salt pitcher.

Edward Geers, Veteran Driver, Is Seriously Injured When Horses Pile Up on Track

COLUMBUS, O., Sept. 20.—First choices swept a card of three events at this afternoon's Grand Circuit races. Peter Stevens was successful in a trial to beat 2:02 1/2 and Edward Geers, veteran driver, was injured when Sir Anthony Carter, his Hotel Hartman stake candidate, went into a pile that was caused when Rythmald fell. Geers now is in a hospital and may be kept there several days as he is badly bruised. Peter Stevens was the only favorite to win in straight heats.

Ben Earl from Omaha won the Hotel Hartman stake, the second heat being taken away from him by Young Todd, from which Walter Cox got a mile in 2:02 1/2, the fastest ever done by a 4-year-old colt. In the next heat Young Todd was not so good and was beaten for the place by Sir Anthony Carter which Dick McMahon drove after the disqualifying of Geers in the first heat. It was on the far turn that Rythmald fell. Sir Anthony Carter was too close to avoid collision. Geers was pitched high into the air. The problem, still further back, was driven wide just in time to keep T. W. Murphy from being thrown. Rythmald's driver was not hurt. Esperanza did not do well in the first two heats of the 200 foot, they being split between Mirthful and Sister Strong. The California mare took the race by winning the next three heats. Sister Strong was a good contender in 2:04 1/2. Peter Stevens in his attack against 2:04 1/2 did the first quarter in 25 1/2 seconds and reached the half in 1:01 1/2. He finished the third quarter in the fastest of all, being in 2:04 1/2. He tired coming through the stretch but not enough to make his attempt a failure. The full mile was in 2:01 1/2.

Home of Ready-to-Wear \$15.00 Suits. Our New Shop Address

1137 Jay St. Fresno, Cal.

for about a month, Ellsworth was released and returned to Fresno. He worked for several firms and recently started a cleaning establishment. Monday he is said to have passed several checks. Learning of one of these, Sessions visited the Ellsworth home and was informed that the check in question was an overdraft and that it should be settled up in the morning. Satisfied with the explanation, Sessions returned to his home. During the night Ellsworth left the city.

Subsequently it was learned that he had sold a motor car loaned him by O. D. Aley, Harvard avenue, to Hans Hansen, of Malaga, for \$20 and also gave a bill of sale of the motor car to the Lowe Vulcanizing Works to discharge a debt of \$50 and that he had mortgaged the car to F. P. Lamoreaux for \$68. In the latter transaction, Ellsworth jointly signed both the mortgage and notes with her husband. Lamoreaux signed the complaint against her.

Upon her arrest by Sessions, Oliver Akers and Detective Castner, the woman was taken before Judge Graham. Upon a proposal of District Attorney McDonald, the woman was released on her own recognizance upon the condition that she report to his office daily.

In addition to his several transactions over the motor car, Ellsworth is alleged to have mortgaged the furniture in his home, which belonged to a local concern, and the equipment of his clothes-cleaning establishment, belonging to Aley.

The police believe that Ellsworth is now out of the state.

SIGNAL FILM CO. PLAYERS HERE

Twenty-five players of the Signal Film Company, headed by Helen Holmes and Leo Maloney, and under the direction of J. P. McGowan, arrived in Fresno last night from Arizone. The company is at work on a film involving scenes around a lumber camp, and at present the director is trying to decide between Hume and El Portal as the site of future activities.

REPUBLICANS ARE UNITED FOR VICTORY

Chandler Named As Presidential Nominee; Also Delegate

Rowell Delegate at Large to State Committee; Candidates Home

W. F. CHANDLER, state senator, who was named presidential nominee and delegate at large to the Republican State Central Committee.

The Republican party is united for the success of the Republican ticket for Hughes, Fairbanks and Johnson down to the Republican nominees for the Assembly.

This was the statement that W. F. Chandler, state senator who was nominated by the Republican County Central committee, to represent this district at the Republican convention in Sacramento. Chandler was on the platform committee and was also named one of the presidential electors and a delegate at large to the Republican State Central committee.

The convention was of more than usual interest and the control of the Republican party of California has been turned back into the hands of the Progressive thinking people who

"Third Party" Is the Man Responsible for Horse's Disappearance

The mysterious third party that often further complicates legal tangles appears in the case of E. T. Hamilton of Fresno, arrested yesterday by Deputy Johnson and Victor and now held on an embezzlement charge.

George Van Fleet, also of Fresno, alleges that he loaned a perfect good and sound horse to Hamilton some weeks ago, and that since that time the said horse has vanished from him. Hamilton manifested that he in turn loaned the animal to a "third party" and thereby transferred what right, title and interest he held in the animal to said "third party." Hamilton the "third party" has not materialized, nor has the horse, therefore Van Fleet secured a warrant yesterday charging Hamilton with embezzlement.

In 1916 supported Governor Johnson," said Chandler yesterday. "I was on the platform committee and we believed in making it short and to the point. The only trouble of the whole convention was the refusal of Frank C. Jordan, Secretary of State, to issue credentials. I don't understand how Jordan took the authority to refuse credentials. Republican nominees but at any rate he declined to issue a credential to me on my written election as senatorial delegate to the convention. My credential was issued, though, on my election by the Republican County Central committee."

"It was a good convention and the spirit of unity assures success of the party at the election in November," said John Fairweather, Republican candidate for the Assembly in the 51 district.

The other assemblyman from nearby points were L. B. Cary, 52nd, and A. W. Carlson, 50th.

Fresnoans on Committee.

Chester H. Rowell and W. F. Chandler were named as delegates at large to the Republican State Central committee. Other Valley representatives on the committee are: J. B. Oleson, Merced; R. L. Hargrove, Modesto; Charles A. Whitmore, Visalia; M. C. Zumwalt, Tulare; A. M. W. Mason, Bakersfield.

The delegates from the Seventh Congressional district to the state committee are: W. H. Killam, Modesto; J. V. Baker, Turlock; Al Hagler, Oakdale; C. D. Martin, Merced; Joseph Harcourt, Madera; J. C. DEMOCRATS HAVE NO PROHIBITION WRIT IS ISSUED AGAINST VOTE COUNT

Charges Omissions by Supervisor Johnson Is Successful Before Appellate Court

Mrs. Mary Marshall Burnett Faction Must Answer By Monday to Stay Order

MRS. MARY MARSHALL BURNETT, Fresno, who has been named as one of the Democratic presidential electors.

Omissions by the Democratic state convention at Sacramento, which he charges were not due to oversight, but were designed, were made the basis for a sharp criticism of the convention by Henry Dawson of Fresno yesterday. Dawson was a candidate for chairman of the convention.

Instead of devoting its time to considering state affairs, Dawson charged that the platform committee wrangled over a "perfectly unnecessary and platitudinous allusion to the party's endorsement of woman's suffrage in 1902."

"Probably there was never so perfunctory a party declaration as that which the convention was pleased to call a platform," he said. He added that the party has no declared policy for government of the state.

Mrs. Mary Marshall Burnett of Fresno was selected by the convention as one of the Democratic presidential electors.

Local Committeemen

Members chosen to the state central committee from the Seventh Congressional district are: M. B. Kittrell, Modesto; George Tenford, North Fork; S. P. Galvin, Los Banos; J. R. Richardson, Madera; George Harper, Coalinga; T. E. Collins, Fresno; J. J. Vanderburgh, Solana; W. J. Webber, Hanford; Ben M. Maddux, Visalia; W. E. Simpson, Bakersfield; J. B. Corbin; Mrs. J. E. Hughes, Fresno; C. D. Colby, Bakersfield.

Delegates at large: W. C. Dallas, Merced; C. B. China, Lemoore; Fred H. Hall, Bakersfield; Dr. Mary R. Butler, Madera; Russell Miller and Henry Dawson, Fresno.

Hawson's Statement

Hawson's statement in full follows: "From the standpoint of the campaign manager, the Democratic convention was a huge success. There was the usual, even a greater than usual, degree of harmony. The names of the nominees were greeted with long continued cheering. Our candidate for the United States Senate was given a splendid reception. Congressman Barker received the ovation usually accorded him in a Democratic gathering. Senators—Pheasant—expressed warmly and enthusiastically, telegraphed congratulations, brought down the house. There was in fact, a very satisfactory display of enthusiasm, harmony and confidence. Thus the campaign manager."

Criticisms

"From the standpoint of the man who believes a political party should be more than something to run on, there were some features not quite so satisfactory. Probably there was never so perfunctory a party declaration as that which the convention was pleased to call a platform."

"The committee, appointed after the afternoon recess was taken, was called into session without notice given to the convention and without

An alternative writ of prohibition issued by the court of appeals at San Francisco yesterday will prevent the recount on Thursday of the votes cast in the third superintendental district, Fresno, as ordered by J. H. Burnett, who opposed J. B. Johnson, who was declared elected by the official canvass returned by the county supervisors.

Last Monday attorneys representing Burnett and Johnson appeared before Judge H. Z. Austin. Burnett sought to obtain a recount of the votes cast in the third superintendental district. Judge Austin said he would "threaten to order a recount Thursday."

Attorneys representing Johnson, served formal notice on the court that it had no jurisdiction in the matter and that any attempt to grant the petition for the recount would be constituted by an appeal to the higher court.

The writ of prohibition is returnable Monday.

Attorney Everts, of the firm of Everts and Ewing, appeared before the court and offered proof that in Burnett's affidavit filed in connection with the contestant's petition, it was not stated that the votes had been officially canvassed as required by law.

Under the writ issued yesterday by the Appellate Court, the ballots cannot be counted tomorrow morning. In order that Burnett may be heard and present his authorities under which he claims the right to contest the election of Johnson, the Appellate court has made the writ of prohibition returnable. Both parties to the contest will be heard at this time. Unless a showing is made by the contestant, Burnett, at this time that the Superior Court of Fresno county has jurisdiction under the affidavit filed, the writ of prohibition probably will be made permanent.

Should the Appellate Court decide that the Superior Court of Fresno has jurisdiction in the matter, the writ of prohibition granted yesterday, which is only a temporary one thus far, will be denied and the count as prayed for by Burnett in his petition will be made.

Speaking of the matter yesterday Attorney Ewing said: "Mr. Everts appeared before the Appellate Court and argued the case. There was no doubt in my mind that a writ of prohibition would be issued by the court. We made our showing and I believe we satisfied everyone interested that we were right. The writ granted this morning by the Appellate Court is only temporary in its nature, and it has the effect of restraining the lower court from proceeding in the matter of ordering a recount until after Monday, September 25, as it was granted on an ex parte motion of J. B. Johnson, the contestant. Attorneys representing the contestant, Burnett, will have an opportunity on Monday to present their authorities."

opportunity given to all delegates to submit suggested changes to the constitution. It met in the front of the chamber amid the clamor of a reassembling crowd with its appended noise and impossibility of deliberation. It wrangled over the phraseology of a perfectly unnecessary and platitudinous allusion to woman's suffrage in 1902, and it has the effect of restraining the lower court from proceeding in the matter of ordering a recount until after Monday, September 25, as it was granted on an ex parte motion of J. B. Johnson, the contestant. Attorneys representing the contestant, Burnett, will have an opportunity on Monday to present their authorities."

No State Indorsements.

"Criticism of the failure of the platform to indorse the party's candidates for the legislature brought admission of oversight and willing correction. But the charge that the platform as introduced was an expression of the party's attitude on state issues, while not denied, called forth only the assurance of the chair that independent resolutions would be cheerfully received and carefully considered."

"The hour was too late to encourage the issue of reference to the committee, the desire for immediate adjournment being apparent, so the Democratic party of California has no declared policy or plans in relation to the government of the state."

"I scarcely think this omission was due to oversight. It must, I think, have been designed. It is a course so unusual as to give rise to the suspicion that it was suggested from without rather than from within."

Suggested Reasons.

"Delegates who are opposed to the non-partisan measures of the last session expressed the view that failure to declare a party position might be construed as giving into the hands of the enemy. Others suggested that Democrats who for whatever reasons desire above all else the re-election of President Wilson might be willing to sacrifice much more than a platform to insure the appearance of the champion of the cause of the state. Whatever the motive, the fact was a sinister appearance from the standpoint of the Democratic party in California."

"Although W. C. Maloy, Democratic nominee for the assembly in Merced and Madera counties, was the only delegate who spoke in support of my protest, the enthusiasm it aroused was sufficient proof that the convention indulged in it."

"But as at present constituted, the party conventions are farcical. They should be made really representative of the people and a vital factor in the system of party government in which everybody believes."

S. P. COMPANY IS SUED FOR \$25,000.

Donations in the amount of \$25,000 are asked of the Southern Pacific in a suit filed yesterday in the Superior court on behalf of the father and mother of George Farris, deceased.

The complaint says that Farris, an employee of the railroad company, was killed near Dinuba, June 5, 1916. The railroad company is charged with negligence in failing to provide proper equipment in the way of air hose and brakes in a train of freight cars. The action filed by Frank Farris, as administrator of the estate of the deceased, says that the parents had been paying for him a month from him before his death. They live in Greece.

S. P. COMPANY IS SUED FOR \$25,000.

Donations in the amount of \$25,000 are asked of the Southern Pacific in a suit filed yesterday in the Superior court on behalf of the father and mother of George Farris, deceased.

The complaint says that Farris, an employee of the railroad company, was killed near Dinuba, June 5, 1916. The railroad company is charged with negligence in failing to provide proper equipment in the way of air hose and brakes in a train of freight cars. The action filed by Frank Farris, as administrator of the estate of the deceased, says that the parents had been paying for him a month from him before his death. They live in Greece.

DETAILS OF FRUIT MERGER TOLD BY ANDERSON

Name Company California Packing Corporation; New York Laws

Prices Paid to Firms in Combine Are Being Kept Secret

In a statement issued upon his recent return from New York, where he concluded negotiations for the big merger of the fruit packing companies, Frank B. Anderson of the Bank of California, San Francisco, has given full details of the business transaction that combined the Alaska Packers' Association, the California Fruit Canners' Association, the K. Armory Company, the Central California Canners and Griffin & Skelly.

The new company is to be known as the California Packing Corporation, Anderson says, and is to be capitalized by an authorized issue of \$10,000,000 of 7 per cent cumulative, preferred stock, payable at \$15, and 500,000 shares of common stock of no par value. Of this capitalization, according to Anderson, there will be issued at once \$2,400,000 of preferred stock and 335,000 shares of common stock.

The exchange value of the stock of the new corporation for the preferred and 35 for the shares of common stock that will be issued immediately. It is not represented, however, that the stock will be offered for public subscription at these prices.

With this issued preferred and common stock, it is proposed to take over 70 per cent or more of the capital stock of the Alaska Packers' Association, the California Fruit Canners' Association, the K. Armory Company, the Central California Canners and Griffin & Skelly.

While the price paid for the consolidation companies is not being made public, it is known in the case of the California Fruit Canners and Alaska Packers that the price works out at \$15.50 a share on the basis of \$10 for the preferred, 35 for the common of the company and \$40 in cash.

After getting in the Armory preferred at \$15, it is understood that the price for that property will leave about \$25 for the common stock. The price paid for Griffin & Skelly Company is in excess of \$200 a share. The price paid for the Central California Canners stock is about \$25 a share. The price for the Armory stock includes a 40 to 50 per cent interest in Central California Canners' stock.

The new company will be organized under the laws of New York state.
